

GOVERNMENT OF TELANGANA
RURAL WATER SUPPLY AND SANITATION DEPARTMENT

APPENDIX
(See Rule 6)

FORM-'A'

**Form for seeking prior approval under section 2 of the proposals by the state
Government and other authorities.**

PART-1
(TO BE FILLED BY USER AGENCY)

- | | | | |
|-----|---|----------|--|
| 1 | Project Details | : | TELANGANA DRINKING WATER SUPPLY PROJECT for Laying Pipe line and Construction of Other Structures for Providing safe Drinking Water in Adilabad District- Kotapally Segment 23/3. |
| i) | Short Narrative of the Proposal for Project | : | The Government of Telangana has decided to improve the drinking water Supply level to all the habitations in the new State to Provide safe Drinking Water to all in the State. To avoid Quantitative and Qualitative problems it is proposed to supply surface water from Yellampally reservoir. The Treated Water Pipe lines are to be laid to cover all habitations in the Kotapally Segment - 23/3 in Adilabad district. The proposed Pipe line alignment is passing through the Reserve Forest for which Forest Land Diversion is required to complete the Telangana Drinking Water Project. |
| ii) | Map showing the required forest land and Boundary of adjoining forest on a 1 in 50,000 scale topo map | : | Map showing the reserve forest boundary is enclosed. The land is meant for Laying Pipe line and Construction of the Other Structures for Providing safe Drinking Water in Adilabad District under Kotapally Segment 23/3. |

Cost of the Project	:	Rs. 35.00 Crores
iii)		
Justification for location the project in forest area	:	The proposed Pipe lines of Telangana Drinking Water Project have no other alternative routes to cover all the habitations. And the proposed Structures in the Forest Area are essential to cover all the habitations in this segment. As per the Hydraulic Designs and Topography of the Area the proposed locations are very much essential and there is no other alternative alignments.
iv)		
Cost benefit analysis (to be enclosed)	:	Not applicable, as there is no other alternate to compare the cost
v)		
Employment likely to be generated	:	16000 Man days
vi)		

2. Purpose wise breakup of the total Land required Extent :

After working out various options in execution of the Pipe Line Works in the forest Land , the diversion of forest land to the minimum requirement is worked out. The details of the land requirement are here with enclosed for more clarity. The purpose wise land requirement in Mancherial Forest Division

1. Pipe lines	- 3.386 Hect.
2. For Structures	- 0 Hect.
Total	- 3.386 Hect.

3. Details of displacement of people due to the project if any:

- | | | | |
|------|--|---|--|
| i) | Number of families | : | |
| ii) | Number of Schedule Caste / Schedule Tribal families. | : | |
| iii) | Rehabilitation Plan | : | |

4. Where Clearance under Environment (Protection) Act, 1986 Required? (Yes/No)

No

Nil

5. Undertaking to bear the cost of rising and maintenance of compensatory Afforestation and /or penal compensatory afforestation as well as cost are protection and regeneration of Safety zone., etc., as per the Scheme prepared by the state Government (under taking to be enclosed).

Enclosed

6. Details of Certificates / Documents Enclosed as required under the instructions.
