

### **Certificate of Undertaking**

This is to give the undertaking that the area where the project for the establishment of Greenfield Institute of Higher Education (An Institute of Excellence in Higher Education) has been proposed considering central location and stable area for the project and the site is also free from landslide zone. The proposed Institute to be built at Chakung, West Sikkim is also an aspirational district of the State of Sikkim.

The establishment of Centre of Excellence would help social economic growth of the area and the State. This move would impart quality education for the State as well as entire region creating a spark for Higher Education hub.
