

## Justification

**Name of work:- Construction of Nauli Bend to Nauli Village  
Motor Road under Distt sector in District  
Rudraprayag**

The proposed road provide single connectivity to Nauli village, having population of 300. The survey work was conducted on two alignments. Alignment No. 2 shown by blue colour has been rejected as the quantum of the land to be diverted was excessive in comparison to the selected alignment for the proposed road. The rejected alignment may also attract the excessive financial inflow as the length of the rejected alignment is more than the selected alignment.
