Dear Sir,

**Subject:** Augmentation and Strengthening of Drinking Water Distribution line including 30MLD WTP, MBR, ESR/OHT-1 in Adityapur Municipal Corporation – [FP/JH/WATER/47700/2020] Compliance to EDS.

Ref: FC Proposal No. FP/JH/WATER/47700/2020 dated 19.07.2020.

We had uploaded our request for diversion of Forest land for subject project vide above referred letter. In this regard, you have, raised the EDS and informed us to comply the same. Compliance to comments raised is provided in the following table:

Sl. No.	Comments	Actions
<b>On FC Application</b>		
1.	C.(ii)(b)-In category of the project it is mentioned as Hybrid. But in KML only two patches has been shown, it is hybrid then it must have connectivity.	Agreed. Updated the KML ensuring the connectivity between patches with segments.
2.	C.(iv)-Upload Geo-referenced map with coordinates.	Coordinates for distribution lines is attached in Additional Information since the coordinates for linear alignment of the water supply line in the middle of the existing road was generated which is large in number. However, coordinates for Water supply structures such as 30MLD WTP, MBR & ESR/OHT-1 is given in the geo-referenced map.
3.	K.-Undertaking has been given. If FRA is not complete option "No" may be selected.	Agreed. Selected accordingly in FC application.
