

FORM - A

Form for seeking prior approval of Central Government under section 2 of the Forest (Conservation) Act, 1980 for Diversion of fresh forest area

PART - I

(To be filled up by User Agency)

A. General DetailsA-1. Project Details

- (i). Proposal No. : FP/CG/Others/9380/2015
- (ii). Name of Project for which Forest Land is required : SLURRY PIPELINE PROJECT - ASSOCIATED FACILITIES OF CONVEYOR GALLERY, IRON ORE CONCENTRATE PIPELINE AND TAILING DAM PIPELINE
- (iii). Short narrative of the proposal and Project/scheme for which the forest land is required : NMDC is setting up of Slurry Pipe line project involving construction of ore processing plant at Bachelu and Slurry pipe line for transportation of ore concentrate from Kirandul to Nagarnar. Conveyor gallery, slime/concentrate pipelines are associated requirements of slurry pipeline project

(iv). State : Chhattisgarh

(v). Category of the Project : Others

(vi). Shape of forest land proposed to be diverted : Linear

(vii). Estimated cost of the Project (Rupees in lacs) : 2500

(viii). Total Area of Forest Land proposed for diversion (in ha.): 7.116

(ix). Non-Forest Land required for this project (in ha.): 0

(x). Total period for which the forest land is proposed to be diverted (in years): 99

A-2. Details of User Agency

(i). Name : NMDC LIMITED

(ii). Address 1 : NMDC LIMITED REGD OFFICE 10-3-311/A KHANUJ BHAVAN, CASTLE HILLS, MASAB TANK HYDERABAD 500028 CASTLE HILLS,

Justification for locating the Project in forest land and details of alternatives examined:

- | DATE | NAME |
|--|------|
| (i). Copy of note containing justification for locating the Project in forest land: | |
| (ii). Whether a copy of map indicating location of alternative examine is required to be provided: Yes | |
| (a). Copy of map indicating location of alternative examined: | |

iii. Employment likely to be generated

- (i). Whether the Project is likely to generate employment?: Yes
- (ii). Permanent/Regular Employment(Number of persons): 20
- (iii). Temporary Employment(Number of person-days): 50

7. Displacement of People due to the Project, if any

- (i). Whether Project involves displacement?: No

g. Details of Cost-Benefit analysis for the Project

- (i). Whether the Project requires Cost-Benefit analysis?: No

4.1. Status of Environmental Clearance

- (f). Whether the Project requires Clearance under the Environment (Protection) Act 1986 ?
No

... Status of Wildlife Clearance

- (i). Whether the Project or a part thereof is located in any Protected Area or their Eco sensitive zone? : No

... Applicability of special provisions governing Scheduled Areas

- (i). Whether the Project or a part thereof is located in a Scheduled Area? : No

Status of settlement of rights under the Forest Rights Act, 2006 on the forest land proposed to be diverted

28/10/21

192

(i). Whether the process for settlement of Rights under the Forest Rights Acts 2006 on the forest land proposed to be diverted has been completed? : Yes

(a). Copy of documentary evidence in support of settlement of rights under the Forest Rights Act, 2006 on the forest land proposed to be diverted:

Details of land identified for Compensatory Afforestation

(i). Whether non-forest or Revenue forest land is required to be provided by User Agency? : Not Applicable

(ii). Whether the area of non-forest land or Revenue forest land required to be provided by User Agency for raising Compensatory Afforestation is less than area of forest land proposed to be diverted? : Not Applicable

(iii) . Reason for not providing Non-Forest Land: Not Applicable

PART-II

(To be filled by the concerned Deputy Conservator of Forest)

State Serial No. of proposal : CG-030/2017

1. Location of the project/Scheme : Chhattisgarh

- (i) State / Union Territory : Chhattisgarh
- (ii) District : Dantewada
- (iii) Forest Division : Dantewada
- (iv) Area of forest land proposed for diversion (in ha.) : 7.116
- (v) Category : Others

2. Legal status of forest land proposed for diversion :

S. No.	Division	Forest Land(ha.)	Legal Status
1	Dantewada	7.116	Reserved Forest

Division 1. : Dantewada

3. District wise area to be diverted in the division :

S. No.	District	Area(ha.)
1	Dantewada	7.116

4. Details of Vegetation available in the forest land proposed for diversion :

(i) Density of vegetation

S. No.	Area(in ha.)	Density	Eco-Class
1	7.116	0.5	Eco 1

(ii) Species-wise local scientific names and girth-wise enumeration of trees at FRL :

S. No.	Scientific Name	Local Name	(31-60)cm.	(61-90)cm.	(91-120)cm.	(121-150)cm.	(>150)cm.
1	Pterocarpus Marsupium	Bija	2	1	0	0	3
2	Terminalia Tomentosa	Saja	7	8	5	2	1
3	Terminalia Bellarica	Behra	2	0	2	2	1
4	Embllica Officinalis	Amla	1	0	1	0	1
5	Eucalyptus	Nilgiri	1	3	3	2	0
6	Others	Dhawda	3	1	1	1	2
7	Others	Akeshiya	22	7	2	0	0
8	Others	Other	157	125	63	20	22

5. Working plan prescription for the forest land proposed for diversion : PWC

6. Brief note on vulnerability of the forest area to erosion :

Soil of propose forest land classified under IV A category so there is no Soil erosion persist.

7. Approximate distance of the proposed site for diversion from boundary of forest(in km.) : 0

8. Significance of the forest land proposed for diversion from wildlife point of view :

11 R.K. Jangde
05/07/18

- Details of wildlife present in and around the forest land proposed for diversion :
- (i). Monkey, Mongoose, Hare, Squirrel, Siyar, Lomri, Chuha, Suar
- Whether forms part of national park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant corridor, wildlife migration corridor etc. : No
- Whether the forest land proposed for diversion is located within eco-sensitive zone(ESZ) of the Protected Area notified under Wildlife(Protection) Act, 1972 (Note: In case, ESZ of a Protected Area is not notified, then, 10kms distance from boundary of the Protected Area should be treated as ESZ): No
- Whether any national park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant corridor, wildlife migration corridor etc., is located within 1 Km. from boundary of the forest land proposed for diversion : No
- Whether any rare/endangered/unique species of flora and fauna found in the area : No

9.

Details of any protected archaeological/heritage site/defence establishment or any other important monument located in the area, if any :

- (i). Whether any protected archaeological/heritage site/defence establishment or any other important monument is located in the area : No

10. Comment as to the reasonability of the extent of the forest land proposed for diversion :

- (i). Whether the requirement of forest land as proposed by the user agency is unavoidable and bare minimum for the project : Yes

11. Details of violation(s), if any ,committed :

- (i). Whether any work in violation of the Act or guidelines issued under the Act has been carried out : No

12. Whether work in violation is still in progress(Yes/No) : No Data

13. Details of compensatory afforestation scheme :

- (i). Patch wise details for Degraded Area (To be earmarked by DFO)

(i). **Total Financial Outlay for C.A.(Lacs): 97.00**

Patch Wise Details

C. Maps of Forest Land proposed to be diverted

Item (b): No of Segments: One

Query: 3: Alternate route with justification of minimum loss of Forest to be given
Reply: The justification for selection of Proposed route is given below:

Sl. No	Option	Explanation for selection of proposed route
1	Online Slime Pipeline from NMDC's existing screening plant of Deposit 5 & Deposit 10 & 11A to Ore processing plant	
	Proposed route	The proposed pipe line corridor from the Existing screening plant of Deposit 5 & Deposit 10 & 11 A shall involve the shortest route (30 m wide x 837 m length) in the forest area.
	Alternate -1	The proposed pipeline corridor shall involves (30 m wide x 1304 m length). So forest area is more.
	Alternate -2	The area of the proposed pipeline corridor shall be of (30 m wide x 1367 m length). So forest area is more
2	Conveyor Corridor from existing NMDC's existing screening plant to Ore process plant	
	Proposed route	The proposed conveyor corridor shall involve less forest area (30 m wide x 515 m length) up to beneficiation plant area compare to other two options.
	Alternate -1	- The forest area involves 30 m wide x 600 m length so forest area is more. - The required modification in the existing junction house of 102 is difficult. - The proposed conveyor length shall be increased by 90 m with additional cost of new junction house.
	Alternate -2	- The conveyor corridor shall be of 30 m wide x 769 m length. So forest area is more - The proposed conveyor corridor route shall cross the existing HT lines, road and railway lines.
3	Concentrate pipeline corridor entering to the proposed processing plant plot	
	Proposed route	The proposed pipeline corridor shall involves (30 m wide x 670 m length) with favorable contours.
	Alternate -1	- The proposed corridor shall be of (30 m wide x 705 m length) so forest area is more - Contours are unfavorable, land is more undulating, and curvature in the pipeline shall be more.
	Alternate -2	- The proposed corridor shall be of (30 m wide x 834 m length) so forest area is more - The corridor shall cross the hutment area & NMDC build up area.

Sl. No	Option	Explanation for selection of proposed route
4	Lean slime pipeline for disposal of tailings to NMDC existing tailing Dam (TD2)	
	Proposed route	• Portion of the lean slime pipe line will be laid in the same corridor of Main line slurry pipeline. So the forest area will be reduced. • The area required for lean tailing pipeline shall be in the tune of (30 m wide x 350 m length)
	Alternate -1	• The entire area (30 m wide x 1153 m length) under the dense forest. So forest area is more • Contours are not favorable for laying of pipeline.
	Alternate -2	• The pipeline corridor of 1234 m length shall be under dense forest area. So forest area is more • The wide area required for pipeline laying along the railway track not be available.

क्षेत्रीय कार्यालय, नागपुर,

विषय : Compliance report of Final stage Forest Clearance of 33 ha forest land for installation of Iron Ore Processing Plant (Slime Beneficiation) plant in Dantewada District in the state of Chhattisgarh regarding.

संदर्भ : F. No. FC-II/CH-17/2015-NGP/2623 dated 27.09.2017

महोदय,

उपरोक्त विषयांतर्गत लेख है कि, लौह अयस्क प्रसंसीकरण संयंत्र (स्लाइम बेनेफिसीएशन) Iron Ore Processing Plant (Slime Beneficiation) की स्थापना हेतु एकबा 33.00 हेक्टेयर क्षेत्र वन भूमि प्रत्यावर्तन प्रस्ताव पर अंतिम चरण स्वीकृति में अधिरोपित शर्तों का पालन प्रतिवेदन निम्नानुसार है।

Sl No.	अधिरोपित शर्त	पालन प्रतिवेदन
1.	Legal status of the forest land shall remain unchanged.	शर्त मान्य है। संबंधित वनन पत्र परिशिष्ट -1 में संलग्न है।
2.	Compensatory Afforestation over the degraded forest land double in extent to the forest land being diverted shall be raised & maintained by the state Forest department from the fund already provided by the User Agency.	क्षतिपूर्ति वैकल्पिक वृक्षारोपण हेतु प्रति हेक्ट. निर्धारित राशि रु. 4,96,051 की दर से राशि 3,27,39,366/- रुपये मात्र निर्देशित खाते में ई - भुगतान आदेश (e-PayOrder Number) क्रमांक सीएन 48903766 (CN48903766) के माध्यम से दिनांक 08.03.2016 को जमा किया गया था। उपरोक्त राशि स्थानान्तरण का युटी आर क्रमांक (UTR No.) एस बी आई एन 616068122906 (SBIN616068122906) था। क्षतिपूर्ति वैकल्पिक वृक्षारोपण की राशि का कैम्पा पत्रक के रूप में परिशिष्ट-2 में संलग्न है। क्षतिपूर्ति वैकल्पिक वृक्षारोपण 2016-17 हेतु अंतर की राशि रु 32,73,930 /- दिनांक 25.01.2016 को भुगतान किया गया है। क्षतिपूर्ति वैकल्पिक वृक्षारोपण 2017-18 हेतु अंतर की राशि रु 36,01,356 /- दिनांक 14.02.2018 को भुगतान किया गया है। अतः क्षतिपूर्ति वैकल्पिक वृक्षारोपण हेतु कुल राशि रु 3,96,14,652 /- जमा किया गया है। संबंधित दस्तावेज एवं वनन पत्र परिशिष्ट-2 में संलग्न है।

3.	The compensatory afforestation scheme proposed to be implemented shall include appropriate provisions for the protection of the compensatory afforestation plantation and anticipated cost increase for works scheduled for subsequent years.	क्षतिपूर्ति वैकल्पिक वृक्षारोपण हेतु निर्धारित जमा राशि रु 3,96,14,652 / - मात्र में रुपये 13,27,611.50 / - सर्वेक्षण एवं सीमांकन कार्य, क्षेत्र सफाई एवं सीबीओ कार्य, स्टेकिंग कार्य, फेंसिंग, काटा तार मूल्य, सीमेन्ट पोल्ट फिक्सिंग तथा काटातार फिक्सिंग इत्यादि कार्यों के लिए प्रावधानित है। बाद के वर्षों के लिए निर्धारित कार्यों के लिए अनुमानित लागत (कार्य दर) में वृद्धि को उपरोक्त योजना में सम्मिलित किया गया है।
4.	The State Government has realized Net Present Value (NPV) of the forest land being diverted under this proposal from the User Agency as per the orders of the Hon'ble Supreme Court of India dated 28.03.2008, 24.04.2008 and 09.05.2008 in Writ Petition (Civil) No. 20211995 and the guidelines issued by this Ministry vide its letter No. 5-3/2007-FC dated 05.02.2009 in this regard. The NPV, if any becomes due in future, shall be realized by the State Government, if so determined, as per the final decision of the Hon'ble Supreme Court of India.	प्रत्यावर्तित क्षेत्र रकबा 33,000 हे. ईको क्लास-I सघन वन के अंतर्गत है। इस हेतु प्रति हे. निर्धारित राशि रु. 9,39,000 / - की दर से प्रत्याशा मूल्य राशि 3,09,87,000.00 / - रुपये वसूल कर निर्देशित खाते में ई - भुगतान आदेश (e-Pay Order Number) क्रमांक सीएन 48 (CN48900258) के माध्यम से दिनांक 08.03.2016 को जमा किये गये। उपरोक्त राशि स्थानान्तरण का युटी आर क्रमांक (UTR No.) एस बी आई एन 616068086050 (SBIN616068086050) था। प्रत्याशा मूल्य की राशि का कैम्पा पत्रक के रूप परिशिष्ट - 2 में संलग्न है।
5.	The User Agency shall pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India;	प्रत्याशा मूल्य की राशि जमा किये जाने हेतु वचन पत्र परिशिष्ट - 3 में संलग्न है।
6.	All compensatory levies, if any realized from the User Agency in future, under the project shall be transferred through e-challan to Ad-hoc Compensatory Afforestation Fund Management & Planning Agency (CAMPFA) account pertaining to the State concerned.	शर्त मान्य है। सभी क्षतिपूर्ति लागत भविष्य में यदि कोई हो तो, एनएमडीसी द्वारा कैम्पा फन्ड में जमा कर दी जाएगी।
7.	The User Agency shall obtain the Environment Clearance as per the provisions of the Environmental (Protection) Act 1986, if required;	संबंधित वचन पत्र परिशिष्ट - 4 में संलग्न है।
		पर्यावरण, वन एवं जलवायु परिवर्तन मंत्रालय, नई दिल्ली के पत्र क्रमांक F. N. J-11015/45/2014-IA II (M) dttd. 27/04/2017 के द्वारा लौह अयस्क प्रसंसीकरण संयंत्र को पर्यावरण स्वीकृति प्रदान की गई है। परिशिष्ट - 5 में संलग्न है।

8.	The boundary of the diverted forest land, shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, each inscribed with its serial number, forward and back bearing and distance from pillar to pillar;	व्यपवर्तित वन भूमि का सीमांकन कार्य, 4 फिट के सीमेन्ट पोल पर अक्षांश, देशां तथा कर्मांक अंकित कर स्थापना कार्य पूर्ण कर लिया गया है। संबंधित छायाचित्र परिशिष्ट -6 में संलग्न है।
9.	No additional or new path will be constructed inside the forest area for transportation of construction materials to be used for execution of the project work. Camps shall not be allowed in Forest Area;	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 7 में संलग्न है।
10.	The User Agency will defray the cost of removal of 1082 trees in the area that fall in diversion. However, only the required and minimum number of trees will be felled. Any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department;	एनएमडीसी द्वारा रु 3,95,112/- दिनांक 28.02.2016 को मल्टीसीटी चेक के माध्यम से वनमण्डलाधिकारी, दन्तेवाड़ा को वृक्ष विदोहन हेतु प्रेषित किया गया। इसके उपरांत अंतर की राशि रु 4,17,888/- डी.डी के रूप में दिनांक 25.10.2017 को वनमण्डलाधिकारी, दन्तेवाड़ा को प्रेषित की गई है। संबंधित दस्तावेज एवं वचन पत्र परिशिष्ट - 8 में संलग्न है।
11.	Muck disposal, if required, should be taken up as per the scheme approved by the Forest Department;	आवेदक संस्था को शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 9 में संलग्न है।
12.	Proposed labour camps outside the forest area are to be dismantled and removed. The labourers shall be sent back immediately after the completion of the work.	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 10 में संलग्न है।
13.	The forest land shall not be used for any purpose other than that specified in the proposal;	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 11 में संलग्न है।
14.	The layout plan of the proposal shall not be changed without the prior approval of the Central Government	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 12 में संलग्न है।
15.	The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government.	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 13 में संलग्न है।
16.	No damage to the flora and fauna of the adjoining area shall be caused.	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 14 में संलग्न है।
17.	No labour camp shall be established on the forest land	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट - 15 में संलग्न है।

18.	The User Agency shall ensure that because of this project, no damage is caused to the Wildlife available in the area	शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट -- 16 में संलग्न है।
19.	The User agency will undertake comprehensive soil conservation measures, as per approved scheme submitted along with the compliance, in the area being diverted at the project cost in consultation with the State Forest Department.	एनएमडीसी द्वारा रु 27,00,000/- दिनांक 28.03.2018 को जी.डी के माध्यम से वनमण्डलाधिकारी, दत्तेवाड़ा को मृदा संरक्षण कार्यो हेतु प्रेषित किया गया। संबंधित दस्तावेज परिशिष्ट-- 17 में संलग्न है। संबंधित वचन पत्र परिशिष्ट -- 18 में संलग्न है।
20.	The User Agency shall provide alternate fuels to the labourers and the staff working at the site so as to avoid any damage felling of trees and pressure on the adjacent forest areas.	आवेदक संस्था को शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट-- 19 में संलग्न है।
21.	The User Agency in consultation with the State Government shall create and maintain alternate habitat/home for the avifauna, whose nesting trees are to be cleared in this project as per approved plan submitted along with the compliance at the project cost. Bird's nests artificially made out of eco-friendly material shall be used in the area, including forest area and human settlements, adjoining the forest area being diverted for the project;	एनएमडीसी द्वारा 17,24,000/-रुपय पक्षिवृन्द वैकल्पिक निवास स्थान बनाने हेतु कैम्पा खाते में दिनांक 27.03.2018 को जमा किया गया था। उपरोक्त राशि स्थानान्तरण का युटी आर क्रमांक (UTR No.) एस बी आई एन 918086690177 (SBIN 918086690177) था। संबंधित दस्तावेज परिशिष्ट-- 20 में संलग्न है। संबंधित वचन पत्र परिशिष्ट-- 21 में संलग्न है।
22.	The State Government shall ensure that process of settlement of rights, in terms of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, if any, on the forest land to be diverted, has been completed in accordance with the relevant guidelines issued by the MoEF;	संबंधित वनाधिकार प्रमाण पत्र परिशिष्ट- 22 में संलग्न है।
23.	The user agency shall submit the half yearly self compliance report in respect of the above conditions on 31 st July and 31 st December every year to the State Government and to the concerned Regional Office of the Ministry regularly;	आवेदक संस्था को शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट-- 23 में संलग्न है।
24.	The State Government shall ensure compliance of the above mentioned conditions and an annual report on the same shall be submitted on 31 st December every year;	आवेदक संस्था को शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट-- 24 में संलग्न है।

25.	Any other condition that the concerned Regional Office of this Ministry may stipulate, from time to time, in the interest of conservation, protection and development of forests & wildlife; and	आवेदक संस्था को शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट- 25 में संलग्न है।
26.	The User Agency and the State Government shall ensure compliance to provisions of the all Acts, Rules, Regulations and Guidelines, for the time being in force, as applicable to the project;	आवेदक संस्था को शर्त मान्य है। संबंधित वचन पत्र परिशिष्ट- 26 में संलग्न है।

सधन्यवाद

NMDC/ENV/IOBP/FC/2018/141

Divisional Forest Officer
Dantewada Forest Division
Post: Dantewada
South Bastar Dantewada Dt, C.G - 494552

Sub: Payment of difference in C.A charges of Rs.36,01,356/- against diversion of
33.00 Ha of forest land in favour of M/s. NMDC Limited for installation of
IOBP at Bachel, Dantewada Forest Division - reg

Ref: 1. Final F.C letter no: FC-II/CH-17/2015-NGP/2623 dated 27/9/2017
2. Letter no: 115-64/3202 dated 6/11/2017 received from APCCF (LM).
3. Letter no: 17630 dated 28/12/2017 and no: 69 dated 5/1/18 received
from DFO, Dantewada.

Sir,

With reference to above, NMDC has deposited an amount of Rs.36,01,356/- on
14-2-2018 towards difference in C.A charges as per F.Y 2017-18 rates for diversion
of 33.00 Ha forest land for installation of iron ore beneficiation plant at Bachel.

In this connection, demand note letter dated 5/1/18 is uploaded in Ministry website
for acceptance of Nodal Officer. After acceptance of same, NEFT / RTGS challan
was generated on Corporation Bank for payment of above amount. The said
amount was duly credited in Corporation Bank in favour of Chhattisgarh CAMPA
through online. The NEFT UTR No is SBIN808045917395. Copy of challan along
with UTR number is enclosed for your ready reference.

Submitted for kind perusal and further n/a pl.

Thanking you

Yours faithfully,

Subject: Iron Ore Beneficiation Plant (40 MTPA) at Bachel Complex, District South
Bastar, Dantewada, Chhattisgarh of M/s National Mineral Development
Corporation (NMDC) - Environment Clearance regarding

 $\frac{1}{2}$

This has reference to your online application no. IAC/GMIN/22530/2013 dated 2nd December, 2015 along with copies of EIA/EMP report seeking Environment Clearance under the provisions of the EIA Notification, 2006 for the project mentioned above. The project was prescribed ToRs vide letter No.I-11015/45/2014-I.A-II (N) dated 5th May, 2014. The project was appraised by the Expert Appraisal Committee (Non Coal Mining) during its 18th meeting held on 21.3.2014 and prescribed ToRs to the project for undertaking detailed EIA study for the purpose of obtaining environmental clearance. Accordingly, the Ministry of Environment, Forest and Climate Change had prescribed ToRs to the project on 5.5.2014. The proposal was considered in the 1st meeting of the re-constituted EAC (Non Coal Mining) held on 22.12.2015, wherein the committee noted that "The proposal does not involve the mining component, therefore the committee was of the view that the proposal shall be referred to the Industry-I sector for further consideration of the proposal as per EIA Notification 2006, as it is a standalone beneficiation plant project". The proposed project activity is listed at S.No. 3(a) in Metallurgical industries (ferrous & non-ferrous) under Category 'A' of the Schedule of EIA notification 2006, and appraised by the Expert Appraisal Committee (Industry-I) of MoEFCC.

2.0 The project of M/s National Mineral Development Corporation (NMDC) located in Village Bachel, Tehsil Dantewada, District South Bastar Dantewada is for setting up of a new Iron Ore Beneficiation plant for production of 4 million tonnes per annum of iron ore.

3.0 The total land required for the Iron Ore Beneficiation Plant is 35 ha, which is forest land Stage-1 Forest Clearance under Forest (Conservation) Act, 1980 obtained for diversion of 35.40 ha forest land from Mofet & C. RO. Nagpur vide letter No. FC-II/CH-17/2015-NGP/431 dated 21.12.2015.

52

4.0 The topography of the Iron Ore Beneficiation Plant area is slightly undulating and falls in SOI topo-sheet number E4412 at an elevation of 576m AMSL and corner co-ordinates of the plant boundary are 18°41'14.23" N, 81°14'36.32" E, 18°41'31.96" N, 81°14'31.22" E, 18°41'41.07" N, 81°14'41.16" E, 18°41'37.50" N, 81°14'50.99" E, 18°41'24.77" N, 81°14'55.22" E, 18°41'15.71" N, 81°14'40.76" E.

5.0 It has been mentioned by project proponent that no person resides in the core zone of the project hence no displacement of persons and R&R is involved. Small seasonal nalla is flowing in the beneficiation plant area, which will be diverted.

6.0 There is no Protected Area viz Wild Life Sanctuaries National Parks etc. within 10 km of the beneficiation plant area.

7.0 The targeted production capacity of the Iron Ore Beneficiation Plant is 4 million TPA. The ore for the plant would be procured / obtained from existing iron ore mining project. Deposit-5 of NMDC Limited (3.740 MTPA Iron ore fines) and the required slimes (1.00 MTPA) from the existing tailing pond-1 at Bachel through conveyors. The finished product i.e. iron ore concentrate in slurry form shall be transported through pipeline from Bachel to Nagarnar for which separate Environmental Clearance will be taken under the project activity 1(a) (ii) of Schedule of the EIA Notification, 2006 if applicable.

8.0 The makeup water requirement will be around 656 m³/day and water source will be River Sabari near Tirin at Nagarnar. A separate pipeline will be laid in slurry pipeline trench from Nagarnar to Bachel for supplying water from Nagarnar to Beneficiation plant at Bachel. The power requirement of the project is estimated at 34.55 MVA, which will be obtained from CSPDCL Grid substation. Besides, 2 DG sets of 1000 KVA each (one for ore beneficiation plant and one for slurry pipe line system) will be considered as stand by.

9.0 It has been reported that a total of 0.74 million tons per annum of waste (lean tailings) will be generated due to beneficiation plant, which will be impounded in existing tailing dam-1 and 2. Intermediate dykes will be constructed within tailing dams for storage of lean tailings so as to avoid direct contact with the slimes already present in tailing dams. It has been envisaged that an area of 10.75 ha of the plant premises will be developed as green belt to attenuate the noise levels and trap the dust generated due to the project development activities.

10.0 Two public consultations were held on 29.4.2015 at Dantewada for South Bastar Dantewada District and on 4.7.2015 at village Tokapal for Bastar District for setting up of 4.0 MTPA Iron Ore Beneficiation Plant at Bachel along with slurry pipeline from Bachel to Nagarnar under the EIA notification 2006. The issues raised during public hearing *inter-alia* include land use rights, compensation for affected crop land and owners, development works in the affected village, etc.

11.0 The capital cost of the project is Rs 1595 Crores and the capital cost for environmental protection measures is proposed as Rs.370 Lakhs. The annual recurring cost towards the environmental protection measures is proposed as Rs.20 Lakhs. The proponent has mentioned that there is no court case to the project or related activity.

Page 2 of 7

12.0 The proposal was considered during 3rd Expert Appraisal Committee meeting held on 28th -29th January, 2016. After detailed deliberations, the EAC (Industry-I) recommended the project for Environmental Clearance and stipulated Specific Conditions along with other environmental conditions while considering for accord of Environmental Clearance.

13.0 Further, the Ministry has considered the request of M/s NMDC for de-linking of the Environmental Clearance of the beneficiation plant from the slurry pipeline as the Stage-I forest Clearance for the beneficiation plant has been already granted and the same for the slurry pipeline is under process.

14.0 The Ministry of Environment, Forest and Climate Change has considered the application based on the recommendations of the Expert Appraisal Committee (Industry-I) and hereby decided to grant Environmental Clearance to the above mentioned proposal of Iron Ore Beneficiation Plant (4.0 MTPA) at Bachel Complex, District South Bastar, Dantewada of M/s NMDC Ltd. under the provision of EIA Notification dated 14th September, 2006, as amended subject to strict compliance of the following Specific and General conditions:

SPECIFIC CONDITION:

- i. M/s NMDC Limited shall obtain separate environmental clearance for the slurry pipeline under the project activity 1(a) (ii) of Schedule of the EIA Notification, 2006 if applicable.
- ii. The project proponent shall install 2x7 air monitoring devices to monitor air emissions, as provided by the CPCB and submit report to Ministry and its Regional Office.
- iii. The environmental clearance is subject to the grant of forestry clearance.
- iv. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be adhered to.
- v. Gaseous emission levels including secondary fugitive emissions from all the sources shall be controlled within the latest permissible limits issued by the Ministry vide G.S.R. 414(I) dated 30th May, 2008 and regularly monitored. Guidelines / Code of Practice issued by the CPCB shall be followed.
- vi. Vehicular pollution due to transportation of raw material and finished product shall be controlled. Proper arrangements shall also be made to control dust emissions during loading and unloading of the raw material and finished product.
- vii. 'Zero' effluent discharge shall be strictly followed and no wastewater shall be discharged outside the premises.
- viii. Small seasonal nullas flowing in the beneficiation plant area shall be systematically diverted.
- ix. Lean tailings generated in the process shall be impounded in existing tailing dams. Intermediate dykes shall be constructed within tailing dam for storage of lean tailings so

Page 3 of 7

as to avoid direct contact with slimes already present in tailing dams. Clear water shall be allowed to discharge into downstream valleys through decanting system provided in tailing dams.

- x. At the terminus of the pipeline at Nagarnar, the ore slurry shall be filtered. The recovered filtered water shall be used for industrial purposes in the plants. For transportation of MTPA iron ore concentrate, shut down-restart mode shall be adopted for reduction in water & power requirement as compared to normal operation in batch mode.
- xi. Regular monitoring of influent and effluent surface, sub-surface and ground water shall be ensured and treated wastewater shall meet the norms prescribed by the State Pollution Control Board or described under the Environment (Protection) Act whichever are more stringent.
- xii. Proper handling, storage, utilization and disposal of all the solid waste shall be ensured and quarterly reports regarding toxic metal content in the waste material and its composition and use of solid/hazardous waste shall be submitted to the Ministry's Regional Office, SPCB and CPCB.
- xiii. Pre-placement medical examination and periodical medical examination of the workers engaged in the project shall be carried out and records maintained. For this purpose, the schedule of health examination of the workers should be drawn and followed scrupulously.
- xiv. A time bound action plan shall be submitted to reduce solid waste generation due to the project related activity, its proper utilization and disposal.
- xv. A Risk and Disaster Management Plan shall be prepared and a copy submitted to the Ministry's Regional Office, SPCB and CPCB within 3 months of issue of environment clearance letter.
- xvi. Green belt shall be developed by planting native and broad leaved tree species in consultation with local DFO, local community and as per CPCB guidelines.
- xvii. The Company shall submit, within three months, their policy towards Corporate Environment Responsibility which shall inter-alia address (i) Standard operating process/procedure to bring into focus any infringement/deviation/ violation of environmental or forest norms/conditions, (ii) Hierarchical system or Administrative order of the Company to deal with environmental issues and ensuring compliance to the environmental clearance conditions and (iii) System of reporting of non-compliance/violation environmental norms to the Board of Directors of the company and/or stakeholders or shareholders.
- xviii. The project proponent shall provide for solar light system for all common areas, street lights, villages, parking around project area and maintain the same regularly.
- xix. The project proponent shall provide for LED lights in their offices and residential area.

xx. At least 2.5 % of the total cost of the project shall be earmarked for the Enterprise Social Commitment (ESC) based on issues raised during public consultation, local need, and action plan with financial and physical breakup details shall be prepared and submitted to the Ministry's Regional Office. Implementation of such program shall be ensured accordingly in a time bound manner.

xxi. The proponent shall prepare a detailed CSR Plan for the next 5 years including annual plan for each year for the existing-cum-expansion project, including village-wise, sector-wise (Health, Education, Sanitation, Skill Development and Infrastructure activities in consultation with the local communities and administration. The CSR Plan will include the amount of 2% of annual profits as provided for under Clause 133 of the Companies Act, 2013 which provides for 2% of the average net profits of previous 3 years towards CSR activities for life of the project. A separate budget head shall be created and the annual capital and revenue expenditure on various activities of the Plan shall be submitted as part of the Compliance Report to the Regional Office of the Ministry. The details of the CSR Plan shall also be uploaded on the company website and shall also be provided in the Annual Report of the company.

xxii. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile SLP, Safe drinking water, medical and health care, canteen etc. The housing may be in the form of temporary structures to be removed after the completion of the project.

B. GENERAL CONDITIONS:

- i. The project authorities must strictly adhere to the stipulations made by the Chhattisgarh Pollution Control Board and the State Government.
- ii. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEFCC).
- iii. At least four ambient air quality monitoring stations should be established in the downward direction as well as where maximum ground level concentration of PM₁₀, PM_{2.5}, SO₂ and NO_x are anticipated in consultation with the SPCB. Data on ambient air quality and stack emission shall be regularly submitted to this Ministry including its Regional Office at Nagpur and the SPCB/CPCB once in six months.
- iv. Industrial wastewater shall be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th May, 1993 and 31st December, 1993 or as amended from time to time. The treated wastewater shall be utilized for plantation purpose.
- v. The overall noise levels in and around the plant area shall be kept well within the standards (85 dBA) by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels should conform to the standards prescribed under EPA Rules, 1989 viz. 75 dBA (daytime) and 70 dBA (nighttime).

vi. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.

vii. The company shall develop rain water harvesting structures to harvest the rain water for utilization in the lean season besides recharging the ground water table.

viii. The project proponent shall also comply with all the environmental protection measures and safeguards recommended in the EIA/EMP report. Further, the company must undertake socio-economic development activities in the surrounding villages like community development programmes, educational programmes, drinking water supply and health care etc.

ix. Requisite funds shall be earmarked towards capital cost and recurring cost/sum for environment pollution control measures to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change (MoEFCC) as well as the State Government. An implementation schedule for implementing all the conditions stipulated herein shall be submitted to the Regional Office of the Ministry at Nagpur. The funds so provided shall not be diverted for any other purpose.

x. A copy of clearance letter shall be sent by the proponent to concerned Panchayat, Zila Parishad/Municipal Corporation, Urban Local Body and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the web site of the company by the proponent.

xi. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of the MOEFCC at Nagpur. The respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely: PM₁₀, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

xii. The project proponent shall also submit six monthly reports on the status of the compliance of the stipulated environmental conditions including results of monitored data (both in hard copies as well as by e-mail) to the Regional Office of MOEFCC, the respective Zonal Office of CPCB and the SPCB. The Regional Office of this Ministry at Nagpur / CPCB / SPCB shall monitor the stipulated conditions.

xiii. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental conditions and shall also be sent to the respective Regional Office of the MOEFCC at Nagpur by e-mail.

xiv. The Project Proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB and may also be seen at Website of the Ministry of Environment, Forests and Climate Change (MoEFCC) at <http://envfor.nic.in>. This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same should be forwarded to the Regional office at Nagpur.

xv. Project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of commencing the land development work.

15.0 The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.

16.0 The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.

17.0 The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and rules.

FORM-II

(for projects other than linear projects)

Government of Chhattisgarh

Office Of The Collector Dakshin Bastar Dantewada

No. Q 449 Reader 2017

Dantewada Dated 08/08/2017

TO WHOMSOEVER IT MAY CONCERN

In Compliance of the Ministry of Environment and Forests (MoEF), Government of India's letter No. 11-9/98-FC (pt I) dated 3rd August 2009 wherein the MoEF issued guidelines on submission of evidences for having initiated and completed the process of settlement of rights under the scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 ('FRA', for short) on the forest land proposed to be diverted for non-forest purposes, it is certified that 33.00 hectares of forest land for Installation of Iron Ore Processing Plant (Slime Beneficiation Plant) proposed to be diverted in favor of NMDCL Limited, Bailadilla Iron Ore Mine, Bachel Complex (name of user agency) for NMDCL's Slurry Pipeline Project (A Project Under FRAG-III) (purpose for diversion of forest land) in Dakshin Bastar Dantewada district falls within the jurisdiction of Municipal Council Bada Bachel in Bada Bachel tehsil.
It is further certified that:

- (a) the complete process for identification and settlement of rights under the FRA has been carried out for the entire 33.00 hectares of forest area proposed for diversion for Installation of Iron Ore Processing Plant (Slime Beneficiation Plant). A copy of records of all consultations and meetings of the forest Rights Committee (st. Ward Sabha, Sub-Division Level Committee (st) and the district level Committee are enclosed as annexure to
- (b) the proposal for such diversion (with full details of the project and its implications in vernacular local languages) have been placed before each concerned Gram Sabha Ward Sabha, Ward No.9, Municipal Council of forest dwellers who are eligible under the FRA;
- (c) the each of concerned Municipal Council (st) has certified that all formalities processes under the FRA have been carried out, and that they have given their consent to the proposed diversion and the compensation and ameliorative measures, if any having understood the purpose and details of proposed diversion. A copy of certificate issued by the Ward Sabha, Ward No.9, Municipal Council Bada Bachel is enclosed as annexure to
- (d) the discussion and decision on such proposals had taken place only when there was a quorum of minimum 50% of the members of Ward Sabha, Ward No.9, Municipal Council present;
- (e) the diversion of forest land for facilities managed by the Government as required under section 3(2) of the FRA have been completed and the Ward Sabha, Ward No.9, Municipal Council have given their consent to it;
- (f) the right of Primitive Tribal Groups and Pre-Agriculture Communities, where applicable have been specifically safeguarded as per section 3(1) (c) of the FRA

NMDC

**HOLISTIC DETAILS OF ALL PROPOSED WORK ASSOCIATED
WITH IRON ORE PROCESSING PLANT (SLIME
BENEFICIATION) ALONG WITH THE DETAILS OF WORK**

1. National Steel Policy

National Steel Policy projects that India should produce 255 MTPA crude steel and robust steel percapita consumption of 158 kgs by 2030 – 31 as against present 61 kgs. The policy also envisages to domestically meet the entire demand of high grade automotive steel, electrical steel, special steels and alloys for strategic applications. Iron ore is chief raw material for production of steel which has to be made available to the steel producers.

2. Background of the Proposal

NMDC Ltd, a Central Government Public Sector Unit under Ministry of Steel is a largest iron ore producer catering to the steel industry and is presently producing over 22 Million tonnes of iron ore from Deposit -5,10/11A, Deposits -14,11C in Bailadila sector in Chhattisgarh. In line with National Steel Policy, NMDC has vision plan to increase iron ore production.

The Bailadila sector is served by K-K railway line of East Coast Railways which has the capacity to evacuate around 25 MTPA and will not be in a position to evacuate the total produce from the Bailadila sector in the present state.

After doubling the K-K railway line which is in progress, the capacity of railway line will go up by another 10 MTPA. Even after this, there will be a wide gap between the existing evacuation capacity and production from Bailadila sector.

Further, the evacuation of iron ore is getting affected due to bad weather and due to derailment of wagons during monsoon season. In addition to the iron ore transport, NMDC's Steel Plant at Nagarnar whose construction is nearing completion will further increase the rail traffic by K-K Rail route.

In the above circumstances, to reduce dependence on Railways, NMDC is developing Slurry Pipeline transportation system from Bailadila to Vizag as an

BENEFICIATION) ALONG WITH THE DETAILS OF WORK**

alternate mode of transport for transportation of iron ore fines in slurry form subsequent to its conversion to iron ore concentrate suitable for making Pellet Feed concentrate.

The Slurry is received at terminal station and filtered for making Pellet feed cake for Pellet making. These Pellets are used as raw material in Steel Plants as raw material for production of crude steel.

The recent development in iron and steel making is increasing the use of iron ore fines in the form of Pellets due to the inherent advantages of Pellets (*physical and metallurgical properties*) in increasing the productivity of Steel Plants. Therefore, transportation of iron ore fines subsequent to its conversion to iron ore concentrate (*in slurry form*) is the right initiative taken up by NMDC.

3. Reply to the observation no. VIII of MoEF

The work presently involves the following:

- a) Construction of Iron ore processing plant at Bacheli to produce iron ore concentrate in slurry form
- b) Construction of Slurry Pumping and pipeline system for pumping the iron ore concentrate(slurry).
- c) Construction of Pellet Plant at Nagarnar to receive the slurry, filter the slurry producing filter cake and conversion of filter cake into Pellets for use as raw material in Steel Plants.
- d) Construction of Water and Electrical Power supply systems.

Considering the nature of Project, NMDC has taken various statutory clearances. Presently, work is in progress for getting second stage forest clearance for the Slurry Pipeline system and forest clearance for the Associated Facilities.

**HOLISTIC DETAILS OF ALL PROPOSED WORK ASSOCIATED
WITH IRON ORE PROCESSING PLANT (SLIME
BENEFICIATION) ALONG WITH THE DETAILS OF WORK**

The construction of the above facilities involves the following:

Iron ore processing Plant

- ✓ Site levelling work
- ✓ Enabling facilities like construction water, power, boundary wall, Administrative building etc
- ✓ Electrical Power substation
- ✓ Technological facilities like grinding mills, classifiers, thickeners, magnetic separators, conveyors for transporting iron ore fines from the existing screening plant, online slime pipeline from the existing screening plant to ore processing plant, tailings pumping system, material handling equipment etc

Slurry Pipeline system

- ✓ Pipeline system for conveying slurry from the ore processing plant to Nagarnar
- ✓ Pump house involving Positive displacement high pressure pumps

Pellet Plant

- ✓ Site levelling work
- ✓ Enabling facilities like construction water, power, boundary wall, Administrative building etc
- ✓ Technological facilities like Disc Pelletisers for producing green ball pellets, Induration furnace for firing the green pellets and producing hard pellets, interplant conveyors, material handling equipment etc

Status of construction

Presently site levelling work at Pellet Plant is completed and site levelling work for the Ore Processing Plant is 90 % completed. Tendering activity is in progress for engaging construction contractors separately as explained above.

Undertaking

I agree to abide by the guidelines dated 07.01.2013. NMDC Ltd. Slurry Pipeline Project will not undertake work on non-forest land till First Stage Forest Clearance for diversion of forest land under Forest Conservation Act, 1980 is given.
