In this context, it is stated that we have submitted the RORs of those plots which were available either in the record room of Arariya district or the office of the concerned circle officer, but even after rendering full efforts we could not collect the entire RORs from the district record room or concerned C.O. office. However, on the basis of available information, we have prepared the appendix I and submitting the same for land acquisition.

Thus, the land acquisition proposal for all mouzas coming in Arariya district has now been submitted for processing the land acquisition.

**Encl:** 1. 10 land acquisition proposal alongwith appendix I, II, III, IV, V.

2. CD containing videography and photographs for the affected structures, trees etc. has already been submitted.
