

No. 8179

HP Forest Department

Dated Sri Renukaji the, 28.03.2024

From:-

DFO Sri Renukaji

To:- C.F Nahan

Subject:-

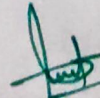

Diversion of 1.92 ha. of forest land in favour of HPPWD for the construction of link road from Chillon to Choki Mirgwal road (KMS. 0/00 to 8/00), within the jurisdiction of Renuka Ji forest Division, Distt. Sirmour HP.

Memo,

Kindly refer to your office EDS dated 05.02.2024 and with reference to Deputy Inspector General office letter No. FC/HPB/73/2023 dated 02.02.2024 on the subject cited above.

2. The proposal of C/o link road from Chillon to Chowki Marigwal 0/00 to 8/00 Kms is uploaded on E-Parivesh portal after attending the observation raised vide your office EDS referred to above details as tabulated as under.

Sr. No.	Observation	Reply
1	In reference to the observation-1. Reply Not Accepted, State Govt. submitted the MLA priority list however; it doesn't contain the details of diversion area (Rd wise details) and financial allocation. Therefore, State Govt. may provide the legible copy of the administrative and financial approval duly authenticated by competent authority. In addition, Copy of DPR is also required to submit.	Needful done by user agency.
2	In reference to the observation-2. Reply Not Accepted, It has been observed in the KML, that the proposed road is connecting the village from both side of existing road in dense forest area { (one side from the Non-forest land (shown in black line) and one side from the forest land as shown in Red Line)}. Therefore, State Govt. may revise the proposal and finalize the road alignment preferably from Non-forest land (as marked in the black line) in KML file as it involves less forest and less No. of tree felling.	Needful done by user agency.
3	In reference to the observation-3. Reply Not Accepted, State Govt, submitted there no tree felling in the proposed Muck dumping site. However, as per the Google earth out of 4, 03 dumping sites are proposed in dense forest. Therefore, State Govt. may provide the fresh site inspection report as well as photographic evidence of the proposed dumping sites with details of trees involved, if any.	Needful done by user agency.
4	In reference to the observation-7. Reply Not Accepted, State Govt, CA area polygon has been marked over the existing metalled road and one corner of the polygon is touching the riverbed. Therefore, state Govt. may provide the new CA Site with vegetation density less then 40% and pre-requisite document ( Topo Sheet/DGPS maps/ Land suitability certificate/details in Sr. No. 13(i)).	Needful done by DFO.
5	The proposed site is located in slopy/hilly terrain and involves felling of large number of trees (200 trees) which may cause accelerated soil erosion/land slide. Therefore, state Govt. may provide details of the mitigation measures to be adopted to arrest the aerated soil erosion/land slide during/after execution of project. Additionally, the state Govt. May submit soil and moisture conservation plan as per para 1.22(ii) of the Van ( Sankrashan Evam Samvardhan) Adhiniyam 1980.	Needful done by user agency.
6	State Govt. may provide/submit the detailed Geologist report fort the proposed DA duly authenticated by the DFO concerned.	Needful done by user agency.

  
28/3/24  
Divisional Forest Officer,  
Renukaji Forest Division,  
Distt. Sirmour HP.
