

RECOMMENDATION NOT BELOW THE RANK OF DCF
(For the forest to be diverted under FCA)

NAME OF PROJECT- Construction of BT road from Sirmathura Jhiri from km 9/0 to Mallpura under RRSMP scheme funded by the World Bank, Proposal no. FP/RJ/ROAD/15972/2015

Specific recommendation for acceptance or otherwise of the proposal:-

The User agency violated provisions of Forest (Conservation) Act, 1980. Now the user agency submit this online proposal number FP/RJ/ROAD/15972/2015 for diversion of 1.08 hac. Forest land for the same work & agreed for the penal compensatory afforestation.

The project has already been executed and work has been completed. Thus this proposal is therefore recommended and is being forwarded for acceptance with request that eminent penal CA must be imposed on the user agency to discourage such act of violation of FCA in future.

I recommended for acceptance of the proposal for public interest for 1.08 ha. As this village is located in remote area and the path leading to connective nearby road passes through neck line of this forest land.
