Respect Sir,

The observation was raised by the Nodal Officer-cum-Addl. Pr. (FCA) Shimla on dated 18.11.2021 has been attended by this office. The para-wise replies of observations are as under:-

1. Part-1 has been downloaded from the online web portal & same has been placed in the proposal folder at P.N 9-14.
2. The Revised Justification of the Project has been prepared in which the details of alternatives alignment has been given now. The revised justification has also been online Part-I
3. Need full have been done. Now the alternative alignment has been marked on KML file having a length of 12.300 kms along with dumping sites, geo-referenced co-ordinates and same has been uploaded against C(iv) of Part-I.
4. The existing proposed alignment is quite feasible and shortest route to connect the habitation. The alternative alignment was explored by this department but not found feasible and involved more forest land and more number of trees. The grade of the alternative alignment will be very steep which is not safe for the vehicular traffic.
5. Action to be taken by the forest department.
6. Needful has been done. The details of length and width of the road has been placed in the proposal folder.
7. Action to be taken by the forest department.
