Reply of Shortcomings sought on dt. 02.03.17

Name of the Road :- Gua Salai Road from Km. 11.00 to Km.29.00.

Proposal No.:- FP/JH/ROAD/23802/2017

Sl. No.	Query Sought By Forest Department	Reply	Remarks
1	A.1(ix) Mentioned Area of Non Forest land Involved in reconstruction of entire Road length .	<p>As earlier same objection has been made and we replied that "Notified Forest Area = 7.67 Hact.</p> <p>Jungle Jhari = 0.00 Hect. There is no Non Forest Land in Km. 9.000 to Km. 10.500 and from Km. 20.100 to Km.24.500 in which portion the Forest Land Diversion required.</p> <p>Earlier we have submitted the Foerst Proposal No. FP/JH/FVC/18110/2016 . In which many objections had been raised on time to time in instalments but these type of objection was never raised. That proposal was lastly withdrawn only due to category of the proposal ie FVC in place of ROAD raised by you after one year .This proposal is same in to to.</p> <p>As you should know that in rest part of the Road Project has already been constructed two lane bituminous road in own PWD land in full knowledge of DFO, Saranda.</p> <p>It clearly proves that the creation of these types of shortcomings will hamper the development work of Government and such type of meaningless shortcoming we are facing since last one years.</p>	
3	C.1(iv) 1. Upload Geo Referred map don't denote the points at which coordinates has been taken. 2. Proposed road length is from 11.00km of Gua-salai track whereas submitted Geo Referred map is for 9.0km to 26.9 km. Please specify.	<p>1. By mistake the points of coordinates has not been shown on Geo Referred map, corrected map is being uploaded.</p> <p>2. Gua Salai Road is not a track but it is Old Bituminous PWD Road Prior to 1980. Similarly it is chainage 9000 to 26900m not Km. It is also rectified.</p>	

Executive Engineer,
RCD, Road Division,
Manoharpur.
