

DETAILED NOTE ON THE PROJECT

UltraTech Cement Limited is the cement flagship company of the Aditya Birla Group. A USD 8.9 billion building solutions company, UltraTech is the largest manufacturer of grey cement, ready-mix concrete (RMC) and white cement in India. UltraTech is the third largest cement company in the world, excluding China. UltraTech has a consolidated capacity of 196.76 Million Tonnes Per Annum (MTPA) of grey cement. UltraTech is the only cement company globally (outside of China) to have 175+ MTPA of cement manufacturing capacity in a single country. The Company's business operations span UAE, Bahrain, Sri Lanka and India.

UltraTech's manufacturing footprint comprises 34 integrated manufacturing units, one clinkerisation unit, 34 grinding units and 10 bulk packaging terminals. With 408 Ready Mix Concrete (RMC) plants in 161 cities, UltraTech is the largest manufacturer of concrete in India. It has a slew of speciality concretes that meet specific needs of discerning customers.

UltraTech's Building Products business is an innovation hub that offers an array of scientifically engineered products to cater to new-age constructions. UltraTech is the leading player in the white cement segment in India and is retailed in the market under the brand name of Birla White. UltraTech has one white cement unit and three wall care putty units. UltraTech pioneered the UltraTech Building Solutions (UBS) concept to provide individual home builders with a one-stop-shop solution for building their homes. This is the first pan-India multi-category retail chain catering to the needs of individual home builders (IHBs). Currently, there are over 5000 UBS outlets in 23 states across India.

UTCL is a founding member of Global Cement and Concrete Association (GCCA). It is a signatory to the GCCA Climate Ambition 2050, a sectoral aspiration to deliver carbon neutral concrete by 2050. UTCL has adopted new age tools like Science Based Target Initiative (SBTi), Internal Carbon Price and Energy Productivity (#EP100) as part of its efforts to accelerate adoption of low carbon technologies and processes across its value chain and thus reduce carbon footprint over the life cycle. UTCL is the first company in India and the second company in Asia to issue dollar based sustainability linked bonds. As part of its CSR, UTCL reaches out to nearly 1.6 million beneficiaries in over 500 villages across India covering areas of education, healthcare, sustainable livelihoods, community infrastructure and social causes.

Government of Uttar Pradesh set up a Cement Factory at Churk and Dalla in 1954 after acquiring 130.46 hectares of land. On 01st April, 1972 Uttar Pradesh State Cement Corporation Ltd. (in short 'UPSCCL') was incorporated and all the assets owned by the Government Cement Factory at Churk and Dalla were transferred to UPSCCL. On 30th April, 1976 mining lease was granted to UPCCCL for Dalla Limestone Mines over an area admeasuring 751.0 hectares in village Kota for a period of 20 years ending with 30th April, 1996.

The limestone reserves are mainly concentrated within the forest area (331.475 ha area of original 751 Ha ML) and UPSCCL was also carrying out mining in the remaining area. The mine operations could not be started as the matter of transfer of ML was in Hon'ble NGT Court and later due to transfer of ML from JAL to UTCL. The mine operations shall start after approval of mining plan and obtaining other approvals for mine operation from various statutory bodies. The google earth map showing the forest land is given in below figure.

Figure: Google Earth Map showing Forest land

The total area required is estimated to be around 751 ha, out of which is 346.612 ha is non-forest area and 331.475 ha is forest area and Kanhar river area is 17.59 ha and ESZ area is 55.323 ha.
