

Justification and Recommendation

The requisite forest area for diversion for implementing the proposal of augmentation of water supply scheme in Angamaly constituency is 0.84832 Ha in the Kalady Range of Malayattoor Forest Division. The proposed scheme is for laying underground pipeline along the existing road sides and pathways of the forest areas and comes under the category of linear project. The proposed area does not have any rare/endangered/ unique species of flora. Moreover, there is no protected/ archeological / heritage /defence establishment located in these area. No trees are required to be felled for implementing the Project. The proposal after implementation will be beneficial to the people (about 7000 people) residing in the Malayattoor - Neelishwaram Panchayat and Ayyampuzha Panchayat. The implementation of this underground pipeline project will not be a threat to the existing ecology of the area and is also beneficial to the local people. The requirement of the proposed forest land is unavoidable and bare minimum for implementing the water supply scheme to the local people. The proposed project in three stretches of forest land under the jurisdiction of Malayattoor division are as follows:

- 1) Stretch of 828 m from Vijaya crusher to Eucaly Junction (Malayattoor Idiyara reserve - 0.07452 ha)
- 2) Stretch of 2177 m from Eucaly junction to Kadukulangara (Karakkad reserve - 0.1959 Ha)
- 3) Stretch of 6422 m from Eucaly junction to Pandupara (Malayattoor Idiyara reserve - 0.5779 Ha)

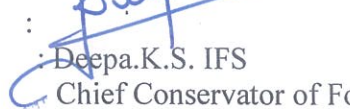

Hence the above forest areas of Malayattoor division totalling 0.84832 Ha is recommended for diversion of forest land for implementing the augmentation of water supply scheme in Angamaly constituency.
