Sir,

Reply to be observations raised by CCF Mandi

1. Necessary enhancement approval of Government has been supplied with for the capacity change from 0.3 MW to 1.0 MW. Being the FCA Case, it has already been scrutinized by the Regional Office of ENOF and FRA Certificate has been accepted by the Nodal Office as well as State Government as it is. Hence you are requested to consider the same for necessary further action/ approval at your end please.
2. The proposed Road of HPPWD near the Power House is under documentation state. Forest land has already been transferred in the name of HPPWD department, but construction work has not started yet. However, we can also shift the material by Spine/ Ropeway until the road is completed.
3. Correction has been made accordingly.
4. There is not any requirement of Index in layout plan being KML file and digital Map of the Project showing all components and Co- ordinates have already been attached / uploaded correctly.
