

GOVERNMENT OF TELANGANA
RURAL WATER SUPPLY AND SANITATION DEPARTMENT

APPENDIX

(See Rule 6)

FORM-'A'

Form for seeking prior approval under section 2 of the proposals by the state
Government and other authorities.

PART-1

(TO BE FILLED BY USER AGENCY)

1. Project Details : Laying of pipe lines and Construction of other structures for providing safe drinking water to Mulug, Narsampet & Mahabubabad Constituencies, Warangal District **Segment 17/3 - Kothaguda .**

- i) Short narrative of the Proposal for Project : The Government of Telangana has decided to improve the drinking water Supply level to all the habitations in the new State to Provide safe Drinking Water to all in the State. To avoid Quantitative and Qualitative problems it is proposed to supply surface water arraying from Godavari river. The clear Water Pipe lines are to be laid to cover the Segment - 17- 3 Kothaguda in all habitations of the said constituencies of Warangal District. The proposed Pipe line alignment is passing through the Reserve Forest for which Forest Diversion is required to complete the Telangana Drinking Water Supply Project for providing safe drinking water to Mulug, Narsampet & Mahabubabad Constituencies, Warangal District.

ii) Map showing the required forest land of adjoining Forest on a 1 in 50,000 Scale topo map. : Map showing the reserve forest and Boundary boundary is enclosed. The land is meant for laying of Pumping mains and Gravity Mains in WLM Warangal Forest Division, Warangal North and Warangal South Divisions, Warangal District under Segment 17/3 Kothaguda.

iii) Cost of the Project. : Rs. 300.00 Crores.

iv) Justification for location the project in forest area : The proposed Pipe lines of Telangana Drinking Water Project have no other alternative routes to cover all the habitations and the proposed Structures in the Forest Area are essential to cover all the habitations in the Warangal District. As per the Hydraulic Designs and Topography of the Area the proposed locations are very much essential and there are no other alternative alignments.

v) Cost benefit analysis (to be enclosed) : Not applicable, as there is no other alternate to compare the cost.

vi) Employment likely to be generated : 1875000 Mandays.

Purpose wise breakup of the total Land required Extent : After working out various options in execution of the Pipe Line Works in the forest Land , the diversion of forest land to the minimum requirement is worked Out and the purpose wise land requirement is as follows.

No structures are required in WLM Division.

No structures are required in North Division.

Two structures are required in South Division.

Division	Type of Forest	Length of pipeline in M	Area In Ha.
WLM,Wgl	Wildlife	18008.132	1.342
	Eco-sensitive	3701.584	0.296
TOTAL-WLM Division		21709.716	1.638
Wgl South	Wildlife	158654.221	15.166
	Eco-sensitive	34590.816	3.336
Total South		193245.037	18.502
Wgl North	Wildlife	0	0
	Eco-sensitive	23404.725	1.771
Total North		23404.725	1.771
Total area	Wildlife	176662.353	16.508
	Eco-sensitive	61697.125	5.403
TotalArea (WLM+ Eco)		238359.478	21.911

3. Details of displacement of people due to the project if any:

- i) Number of families : } No
- ii) Number of Schedule Caste / Schedule Tribal families. : }
- iii) Rehabilitation Plan : No

4. Where Clearance under

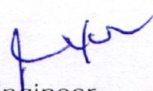

: Environment (Protection) Act, 1986 Required? (Yes/No)

- 5. Undertaking to bear the cost of rising and maintenance of compensatory Afforestation and /or penal compensatory Afforestation as well as cost are protection and regeneration of Safety zone., etc., as per the Scheme prepared by the state Government (under taking to be enclosed).** : Enclosed

- 6. Details of Certificates / Documents Enclosed as required under the instructions.** : Enclosed
