## Project Detail

14-A

Name of Project:- C/O Govt. Polytechnic College Udaipur Distt. Lahul & Spiti H.P.

The project envisages construction of Polytechnic College Building, at Udaipur L&S HP under the Deptt. of Technical Education, Govt. of HP. The construction of said building will provide easy access to the people to gain and enhance their technical skills being remotely located area. Since its very inception great difficulties are faced by the staff posted here to provide better and practical education to the students enrolled in this institution and hence causing major hardship or inconveniences to the students and staff of this institution. The grant of approval for the diversion of forest land, in view of non-availability of non-forest land, for the purpose of construction of Polytechnic College building here will greatly help and facilitate giving boost to the developmental works/Programmes (aimed at eradication of poverty, illiteracy and backwardness) launched by the State Govt. itself and with the support and assistance of central govt. so that the students taking education in this institution could get quality education to develop their technical and job oriented skills under Govt. Polytechnic College Udaipur L&S and enjoy the fruits of development and ultimately become more progressive and prosperous in the developmental journey of State of H.P. and hence nation.

**JUSTIFICATION FOR LOCATING THE PROJECT  
IN FOREST AREA**

The C/o Govt. Polytechnic College Lahaul & Spiti at Udaipur.

Various alternatives were studies in detail, keeping in view the cost effectiveness, ecological disturbances etc. Three different alignments were explored for construction of the above mentioned Project.

1st alignment was rejected due to large number of trees coming in this alignment.

2nd alignment was rejected due to the reason that the proposed project is far from the vicinity of the market as well as road and also maximum involvement of forest land is coming in this alignment.

3rd alignment was adopted because the site is nearby the vicinity of the market as well as road and involves minimum forest land in the proposed project.

No other viable alternative is available for the project, so it has to be as such being located in forest land. It is certified that every possibility has been explored and the final alignment has been requested in favour of proposed project i.e. C/o Govt. Polytechnic College Lahaul & Spiti at Udaipur.
