Respected Madam,

In absence of direct rail connection between Solapur-Tuljapur-Osmanabad, at present the travel mode through railway from Solapur to Osmanabad is via Kurduwadi which is 153 km long. Accordingly, a new broad-gauge railway line proposed from Solapur-Tuljapur-Osmanabad will shorten this distance by 69 km. This new proposed line would be passing through the district of Solapur & Osmanabad, administrative districts in the Marathwada region of the State of Maharashtra in India. Central Railway (CR), Solapur Division (Construction) is the implementing agency for this project.

The newly proposed greenfield Railway alignment starting at Solapur town, North Solapur Taluka in Solapur District to Shingoli village, Osmanabad Taluka in Osmanabad District of Maharashtra State of length 84.439 km passes through Khed, Mardi, Tamalwadi, Malumbra, Raikhel, Tuljapur, Wadgaon, Sanjha and other important towns in North Solapur, Tuljapur and Osmanabad Talukas.

A portion of the proposed alignment passes through total 4.0999 Ha Forest area having 2.9592 Ha in Solapur Forest Division and 1.1407 Ha in Osmanabad Forest Division for which application
