**(For improvement of Existing Gravel road to BT Standard)**

**PART-I**

**(to be filled by user agency)**

I	Project Details:	Formation of BT road from Podalukur-Rapur road to Veerayapalem in Rapur Mandal.
I	Short narrative of the proposals and project scheme for which land is required	The proposed road is connecting Veerayapalem habitation of Bojjanapalli Grampanchayat Head quarter.The total length of this road is 2.830 km from Km 0/000-1/4+10.83 (1410.83 m) existing earthen track which is in Reserve forest area and from Km 1/4+10.83 to 2/8+30(1419.17 m) is an existing BT Road laid recently .The length of 1410.83 m is falling in the reserve forest area of an extent of 0.84 hectares and in Non-forest area an extent of 0.86 haectares a total of 1.70 hectares is required for the complete project.This is the only route for public of Veerayapalem to reach the mandal head Quarter.At Present public is suffering acute problem particularly pregnant women ,School childrens.The upgradation of this portion from km 0/000-1/4+10.83 to an All-weather road is very much essential.
II	Map Showing the required forest land boundary of adjoining forest and item wise breaking up of the required forest area for different purposes (to be authenticated by an officer not below the rank of Dy.Conservator of Forest)	DGPS survey map showing the location of the existing road passing through reserve forest area is enclosed.
III	Total Cost of the Project	Rs:357.00 Lakhs

IV	Justification for locating the Project in the forest area giving alternatives examined and reasons for their rejection	Examining alternatives does not arise as this is an existing road which passes through the reserved forest area. This is only the shorest and only alternate road for the people of Veerayapalem to reach the GP head Quarters. The people are facing lot of problems to meet their needs of education, health, transportation of agricultural products etc. Hence the road is proposed to upgrade the road to BT standards so as to make traffic worthy.			
V	Cost-benefit analysis	Cost Benefit (CB) analysis is not essential as the proposed forest diversion is less than 20 Ha.			
VI	Employment likely to be Generated	During the Construction above work 2000 may be generated.
