

Justification for Non-Identification of Compensatory Afforestation Land

Name of Project: Rehabilitation and Upgradation of Tamil Nadu / Karnataka Border – Bangalore section of NH-209 in the State of Karnataka (DPR/Kar/Phase-IVB/2/2010) – BRT Stretch from Design chainage from 266+449 to Km 288+936 (22.487 Kms)

Justification: The government of India issued on letter File No. FC-11/50/2020-FC dated 18-8-2020, that if the project is sanctioned and funded by Ministry of Road transport & Highways(MoRTH) Government of India then, the dispensation of Compensatory Afforestation over double the degraded forest land, instead of equivalent non-forest land will be available in such cases.

Therefore, in the view of above the User agency i.e. MORTH is exempted from carrying out the responsivity undertaking.
