सेवा में,

प्रभागीय वनाधिकारी, अल्मोड़ा वन प्रभाग,

अल्मोड़ा।

विषय :--

नगरकोटिया से कोठा मोटर मार्ग। (प्रस्ताव संख्या 9043/2015)

सन्दर्भ :--

आपका पत्रांक मैमो / 12-1(2) दिनांक 01.02.2017।

महोदय,

उपरोक्त विषय के क्रम में अवगत कराना है कि दिनांक 01.02.2017 को प्रस्ताव में लगाई हुई

आपत्तियों का निराकरण कर प्रस्ताव पुनः आवश्यक कार्यवाही हेतु प्रेषित किया जा रहा है।

क्र. सं.	आपत्ति	निराकरण

1.	In reply to point NoI of the EDS, a certificate of Pradhan of concerned Gram Panchayat on a simple sheet has been enclosed stating that the two villages named Nagarkotiya and Dodhiyal come under the Gram Panchayat Bergal without any comments by any officer of the concerned department and without certifying whether the people residing in all the three villages wete present during the meeting of Gram Panchayat Bergal dated 03.08.2014, proceedings of which have been (attached with the FRA certificate.	The certificate stating that the two villages named Nagarkotiya and Dodhiyal come under the Gram Panchayat Bergal signed by the authentic officer of the concerned department and also signed by the all villagers residing in all the three villages is uploaded.
2.	Reply to point No3 of the EDS is not satisfactory as the list of trees on whole 9 m width of the proposed road has not been submitted. Since, the width of the proposed road, for which diversion of forest land has been requested, is 9 m, therefore the State Govt may submit the list of trees coming in 9 m width instead on 7 m width.	The land to be acquire for the construction of the road is in 9m width but the maximum cutting width of the road is only 7m. Hence the enumeration of trees has been carried out for 7m width only.
3.	In reply to point No5 of the EDS, the hard copy of the proposal folder containing original, documents is mentioned have been sent by post but the same still not received.	Hard copy of the proposal has been submitted vide office leter no. 1252/UK01 F.C./2016 Date 27.10.2016 Nodal officer Dehradun.
4.	As already pointed out in point No6 of the EDS the mrmber of trees on 7 m width makes 402 trees per ha and is further likely to increase when counting is carried out on 9 m width. Hence, in addition to reviewing density/NPV the State Govt may also explore alternate alignment to reduce the number of trees.	Since the enumeration of trees has been carried out for 7m width only therefore there will be no increase in the number of tress. The proposed alignment is best possible alignment & agreed by all the concerned villagers, there is no any alternative alignment to reduce the number of trees.
