

Sub: Diversion of 0.372 Ha Forest Land for use of underground pipe line from to Kamalwala minor to Village Hiranwali link road on Abohar Fazilka road (DHS road) between K.m. stone no. 3951.5 – 400.60 Plus 750mtr link road Tehsil & Distt. Fazilka for Savera Beverages Private Limited

Detailed note on the project for which diversion proposed :

M/s Savera Beverages are planning to set up a grain based distillery unit at village Hiran Wali, Tehsil and District Fazilka (Punjab). The industrial unit will have installed production capacity of 100 KL/day of ENA and 5 MW of power co- generation. The Land for the project has already been acquired. The Project will generate lot for employment in the extreme border Fazilka.

The Company has already obtained Environment Clearance, Ist Stage Forest Clearance for right of way from Ministry of Environment, Forest and Climate Change Govt of India. Punjab Pollution Control Board has also granted "consent to establish" the Project from Pollution angle.

One of the major requirements of the Company is to obtain Canal water. We have already obtained permission from canal authorities for the supply of 1.086 cusec water from Kamalwala minor fall in under Jurisdiction of Abohar canal division.

For bringing water from Kamalwala Mminor to the project site it is proposed to lay underground water pipe line from Kamalwala minor to our project site at Village Hiran wali Tehsil & Distt. Fazilka. Forest Clearance application for laying water pipeline is being applied by this FCA Clearance application. Availability of Water is one of the major requirements for our Project.
