

OFFICE OF THE MUNICIPAL COUNCIL PALI

DISTRICT – UMARIA M.P.

Justification for locating the project in forest land

The project namely "CM Water supply scheme" is proposed to provide drinking water to Municipal council Pali District umaria taking river johilla as the source, to convey water to the command area, the most economical option to convey water is by gravity and since a higher elevation is encountered between the source and command area it is proposed for Pipeline for Water Distribution in that area so that advantage can be utilized. Pumping and related exorbitant recurring maintenance costs will be saved. Hence permission is requested.
