

No. 96  
HP Forest Department  
Dated Sri Renukaji the, 05.04.2024

From:-

DFO Sri Renukaji

To:- C.F Nahan

Subject:-

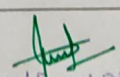

Diversion of 1.92 ha. of forest land in favour of HPPWD for the construction of link road from Chillon to Choki Mirgwal road (KMS. 0/00 to 8/00), within the jurisdiction of Renuka Ji forest Division, Distt. Sirmour HP.

Memo,

Kindly refer to your office letter No. FD-NH-F005/5/2021-MISC dated 01.04.2024 and with reference to Deputy Inspector General office letter No. FC/HPB/73/2023 dated 02.02.2024 on the subject cited above.

2. The proposal of C/o link road from Chillon to Chowki Marigwal 0/00 to 8/00 Kms is uploaded on E-Parivesh portal after attending the observation raised vide your office EDS referred to above details as tabulated as under.

Sr. No.	Observation raised	Action taken
1	In reference to the observation-1.	This road falls under the MLA Priority for the year 2019-20 and the approved copy of administrative approval has been uploaded and the approved copy of DPR will be uploaded after the in-principle sanction and before the final approval of the FCA case as uploaded by the by user agency at Part-I and attached at Sr. No. 42 i.e Undertaking regarding DPR.
2	In reference to the observation-2.	The alignment from non-forest land has not been found feasible due to a much steeper gradient which will consequently cause hindrance to the movement of heavier vehicular traffic on the road in the future. The private land shown in the alternative cannot be used as the locals have refrained from giving the gift deeds and thus the land acquisition is not possible case attached at serial No. 44 in additional information i.e Detail of observation attended.
3	In reference to the observation-3.	The dumping sites initially proposed has now been changed and the same have been shown in the KML file. Attached at Form A Part-1 (C) i.e. map of forest land to be proposed.
4	In reference to the observation-7.	As desired by the MoEF to proposed the new CA site with vegetation density less than 40% selected. Accordingly the new CA site RF Sataun C3 area 3.84 hac. is proposed for CA the KML file, Digital Map and Topo Sheet of the CA case is uploaded on the parivesh portal. As per CH file the density is .2-04.
5	The proposed site is located in slopy/hilly terrain and involves felling of large number of trees (200 trees) which may cause accelerated soil erosion/land slide. Therefore, state Govt. may provide details of the mitigation measures to be adopted to arrest the aerated soil erosion/land slide during/after execution of project. Additionally, the state Govt. May submit soil and moisture conservation plan as per para 1.22(ii) of the Van ( Sankrashan Evam Samvardhan) Adhiniyam 1980.	Uploaded by user agency attached at Sr. No. 40 of additional information i.e undertaking of soil & Moisture conversation plan.
6	State Govt. may provide/submit the detailed Geologist report fort the proposed DA duly authenticated by the DFO concerned.	Uploaded by user agency attached at Sr. No. 41 i.e Report from Geologist.

  
Divisional Forest Officer,  
Sri Renukaji Forest Division,  
Distt. Sirmour HP.

Endst. No. \_\_\_\_\_ dated Renukaji, the \_\_\_\_\_
