With reference to the all letters cited above, User Agency gave clarification regarding forest patches involved in proposed road alignment. Earlier user agency asked for permission regarding road passing through Karanja Sohal wildlife sanctuary but in letter no.2476 dated 5/08/2021 it is clearly mentioned that user agency has dropped demand of forest land for road alignment in section II. Now user agency is requesting for forest land for section I only ie. 000 + to 46/000. Deputy Conservator of forest (T.) Yavatmal and Deputy Conservator of forest (T.) Pusad confirmed that user agency is demanding forest land for section I ie. 000 + 46/000. Also Deputy Conservator of forest (T.) Yavatmal and Deputy Conservator of forest (T.) Pusad both checked online on Parivesh Portal and the chainage is 000 + 46/000 We have taken updated map from the user agency in which it shows project alignment chainage of 000 + to 46/000. Updated map has been attached along with this letter.

So it is confirmed that this section of project alignment is not passing through any National Park/ Wildlife Sanctuary. Submitting for necessary action from your end.
