CMM Road NH 21 (New NH 03) at Manali
KM 310/00 in the State of H.P.

Category : Double lane motorable bridge

Width : 24.00 mtr.

Location : Nagar Panchayat Manali and Gram
Panchayat vashisht

History

The N.H.21 (New NH-03) is passing through the territory of Himachal Pradesh from Km82/0 to 310/0 (Garamore to Manali) which is the life time of Distt. Bilaspur, Mandi and Manali and the border Distt. of Lahoul & Spiti in Himachal Pradesh. As there is no other motorable road in this area also this road is of great importance from strategic point of view being Leh & Ladakh border Distt. of J&K State. A large number of VIP's and tourist frequently visit Kullu valley almost throughout the year from all over the country & abroad to Manali & Rohtang Pass and Leh (J&K) State.

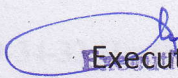

At present there are two nos. Bailey bridges across river Beas to facilitate the plying of vehicular traffic to Lahoul & Spiti Distt. & Defence supply to Leh & Ladakh of J&K State. The traffic jam situation goes worst during tourist

season, who are visiting Rohtang Pass, Thus not only causing great inconvenience to tourist as well as to the Defence supplies being strategic point of view.

In order to overcome this traffic jam situations & Defence point of view the proposal of Bridge was sent and accepted by Govt. of India.

The timely completion of this guard Project is great financial benefit for the country in itself. The Project has thus Public involved shall be executed keeping in views its over all welfare.
