Subject:

Regarding NOC for the Construction of Micro Hydel Project of 100 KW on  
Chalahar Nallah (Sh. Balwant Singh R/o Village Narwarka, Post Office  
Kamlah Fort Tehsil Dharampur District Mandi HP).

Sir,

In pursuance to Principal Secretary (IPH) to the Govt. of HP Shimla letter  
No IPH-B(F)5-4/2006 dated 29-8-2007, no objection certificate is hereby granted in favour of **Sh.  
Balwant Singh R/o Village Narwarka, Post Office Kamlah Fort Tehsil Dharampur District  
Mandi HP** for the execution of above project subject to the following conditions:-

1. The firm shall enter into legal agreement with the department by signing an agreement with Executive Engineer, I&PH division Padhar.
2. All the conditions of the agreement so signed shall be strictly adhered to by both parties.
3. That the Chief Engineer (MZ) IPH Department Mandi shall be the sole adjudicator of any dispute arising during construction as well as subsequently and his decision shall be binding on the parties.
4. In case, there is any scarcity of water due to drought or any reasons, the requirement of department shall have precedence over the requirement of this project.
5. The firm shall ensure that the quantum of minimum flow of water to be released and maintained throughout the year immediately downstream of the diversion site is a threshold value of not less than 15% of the minimum inflow observed in the lean season to the main river water body whose water is being harnessed by this project. The firm shall also ensure adequate minimum environmental flow in the river below the diversion site to take care of aquatic life and ecology of the area.
6. The firm shall rehabilitate/ repair/ compensate for the IPH assets/water resource as well as Private Kuhals/Irrigation schemes/Water Supply Scheme in case these are damaged or adversely affected due to construction of the project. During restoration period the arrangement for providing of water to beneficiaries shall be made through tankers and other alternative possible arrangement by the firm.
7. Additional water requirement of the department in future in addition to the project demand will get priority over the requirement of the firm.
8. In addition to IPH Department requirement, the firm will also satisfy the requirement of private users, if any.
9. That the department will have liberty to draw water from Chalahar Nallah (Upstream and downstream) for construction of any water supply and irrigation scheme as and when required in future and if any schemes, source of water up and downstream the HEP get affected the executing agency will have to deposit the original cost of the scheme including its remodeling and restoration, augmentation cost, as the case may be with the department in advance so as to make these facilities available to inhabitants of affected areas for which the company well have no objection.
10. The proposed project falls in Chalahar Nallah/ Khad between RL + 1590 M (diversion point) to RL + 1510 M (Power House Site).
11. At present there is no any habitation between diversion point and Power House Site of the project. There is intake point/ source of existing WSS Kahnoo just upstream of proposed diversion works and Intake point/ source of existing irrigation scheme name " FIS Segli Sanoda" just downstream of tail race site of proposed project which should not be disturbed for the construction of this HEP.
12. In the event of violation of any of the aforesaid terms and conditions of the NOC by the firm, the NOC shall be treated as cancelled.

Superintending Engineer  
I&PH Circle Sundernagar.
