

GOVERNMENT OF TELANGANA
RURAL WATER SUPPLY AND SANITATION DEPARTMENT

APPENDEX

(See Rule 6)

FORM-'A'

**Form for seeking prior approval under section 2 of the proposals by the state
Government and other authorities.**

PART-1

(TO BE FILLED BY USER AGENCY)

- 1. Project Details : TELANGANA DRINKING WATER SUPPLY PROJECT for
Laying Pipe line and Construction of the other
Structures for providing safe Drinking Water in
Mahamutharam Segment 15/3 in
Karimnagar (EAST) and Warangal (NORTH) Division.**

- i) Short narrative of the Proposal for Project : The Government of Telangana
Has decided to improve the drinking
water Supply level to all the habitations
in the new State to provide safe
Drinking Water to all in the State. To
avoid Quantitative and Qualitative
problems it is proposed to supply
surface water
from Godavari River in Yellampally (V)
OF Karimnagar District and
Bheemghanpur reservoir at
pambapur(V) Warangal District. The
Raw Water and Treated Water Pipe
lines are to be laid to cover in the
Mahamutharam Segment - 15/3 in the
all habitations in the Manthani &
Bhupalpally Constituencies of
Karimnagar and Warangal Districts. The
proposed Pipe line alignment is passing
through the Reserve Forest for which
Forest Land Diversion is required to
complete the Telangana Drinking Water
Project for Karimnagar District covering
Manthani & Bhupalpally Constituencies

ii) Map showing the required forest land : Map showing the reserve forest and Boundary of adjoining Forest on a 1 in Boundary is enclosed. 50,000 Scales topo map. The land is meant for Laying Pipe line and Construction of the Other Structures for providing safe Drinking Water in Manthani and Bhupalpally Constituencies in Karimnagar and Warangal Districts. For Mahamutharam Segment 15/3.

iii) Cost of the Project.

: Rs 890.00 (55+835)Crores.

iv) Justification for location the project in forest area

: The proposed Pipe lines of Telangana Driking Water Project have no other alternative routes to cover all the habitations. And the proposed Structures in the Forest Area are essential to cover all the habitations in the Karimnagar District. As per the Hydraulic Designs and Topography of the Area the proposed locations are very much essential and there is no other alternative alignment.

Not applicable, as there is no other alternate to compare the cost.

v) Cost benefit analysis (to be enclosed)

vi) Employment likely to be generated

51100

Man days

2. Purpose wise breakup of the total Land required Extent :

After working out various options in execution of the Pipe Line Works in the forest Land , the diversion of forest land to the minimum requirement is worked out. The details of the land requirement are here with enclosed for more clarity. The purpose wise land requirement in Karimnagar(EAST) and Warangal(NORTH) Division.

1. Pipe lines - 2.325
(i)Karimnagar EAST- 2.305
(ii)Warangal NORTH- 0.020

Total - 2.325 Ha

3. Details of displacement of people due to the project if any:

Nil

- i) Number of families :
- ii) Number of Schedule Caste / Schedule Tribal families. :
- iii) Rehabilitation Plan :

4. Where Clearance under Environment (Protection) Act, 1986 Required? (Yes/No)

No

5. Undertaking to bear the cost of rising and maintenance of compensatory Afforestation and /or penal ompensatory afforestation as well as cost are protection and regeneration of Safety zone., etc., as perthe Scheme prepared by the state Government (under taking to be enclosed).

Enclosed

6. Details of Certificates / Documents Enclosed as required under the instructions.
