

Brief description of the project

The project is construction of 2-lane ROB and its approaches in replacement of level crossing at Km. 652.600 on NH-31 (Railway Km. 20/7-8) between Neora & Lataguri at Lataguri in the state of West Bengal. The project starts at Km. 651.690 (Malbazar side) and end at Km. 653.560 (Maynaguri side) the total length of Project is 1.870 Km. This project was envisaged on the "**Setu Bharatam Program**" launched by Govt. of India under Ministry of Road Transport & Highways. This Program aims to make all the National Highways free from Railway Level Crossing in order to prevent frequent accident and loss of life at Level Crossings. Under the said program 208 ROB/RUBs throughout the country will be built at the Level Crossing on Nation Highways. Out of the said 208 projects, 22 projects are within the state of West Bengal, out of which 20 projects have already been sanctioned by the Govt. of India and the said ROB at Lataguri is one among the 20 already sanctioned.

The project interventions are given below:-

Sl. No.	Description	Existing	Proposed
1.	Right of way	Right of way is approximately 36m.	Proposed ROW is also 36m
2.	Length of the Project	7m wide road	1870m
3.	Carriageway	7m	11m at ROB proper, 7m on approaches
4.	Length of ROB proper	Nil	98m
5.	Length of Malbazar side approach	Nil	599m
6.	Length of Maynaguri side approach	Nil	653m
7.	Skew angle	Nil	47°
8.	Cattle under pass	Nil	2 Nos.
