NOTES

Heights are in metres and above Indian mean sea level.
Contours are approximate.
A relative height, e.g., 100, represents the approximate height in metres, between the top and bottom of a steep slope.
The unimproved heights and contours in this sheet have not been adjusted to the heights of the spot heights and contours and may not be strictly in accordance with them.
The scale boundary between Andhra Pradesh and Maharashtra States has been surveyed as per the local maps on the ground but has not been verified for the Government concerned.
The major administrative boundaries of districts in Andhra Pradesh States are called 'Mandals' and their boundaries are shown by thick black lines.
In Maharashtra, the boundaries of districts are called 'Talukas' and their boundaries are shown by thin black lines.
