

To

The Divisional Forest Officer,
Forest Division Rohru.

Sub:- Diversion of 0.9877 ha. forest land in favour of Agriculture Produce Market Committee Shimla & Kinnaur Dhalli, Shimla, for the construction of Sabzi Mandi at Mehandli within the jurisdiction of Rohru Forest Division, Distt. Shimla, Himachal Pradesh.
(Online No. FP/HP/Others/24725/2017).

Sir,

This is with reference to the EDS raised by your good office on the subject cited above. In this context the EDS raised by your office has been attended as below:-

Sr. No.	Observation	Reply
1.	In reference to observation No-1, REPLY NOT ACCEPTED, as per the Site specificity certificate submitted by User agency, the proposed area is only for Approach road and Parking. However as per the S.no-B-2.4, Part-I, total 07 components is mentioned. Also upon perusal of KML of DA, the proposed road and parking is falling in already built-up area. Therefore, State Govt. may clarify whether the existing statures are part of the diversion or why only 02 components has been mentioned in the site specific certificate, despite knowing there are 07 components (including the Parking and road), duly authenticated by DFO concerned.	The proposed area of diversion is for Approach Road and Parking measuring 0.9877 Ha. However, the other components are of existing Sabji Mandi on non-forest land measuring area 1.1618 ha., the detail of the same has been updated against column No. B-2.4 in online Part-I. Further, the existing structures are not part of the diversion as the sabji mandi has been constructed on non-forest land. But, Entrance Approach Road to the sabji mandi and parking for heavy vehicle are part of Diversion. Also, the exit approach road is already constructed on non-forest land. Thus, only Two Components are mentioned in Site Specific certificate.
