

Muck Disposal Plan

Disposal / Management Plan

While preparing FCA case, if there is any activity in the project which involves digging of land, muck disposal/ management plan has to be prepared. **Applicable**

Should include:

- | | |
|---|---------------------|
| 1. Calculation of muck to be generated. Swell factor to be applied | 2.08 Lac Cum |
| 2. Quantity of muck to be utilized in the project activities | 2.08 Lac Cum |
| 3. Balance quantity of muck, which requires disposal/Management Plan | NIL |
| 4. Carriage of muck from muck generation site to dumping site carried to Muck filling site through road transport | Will be |
| 5. Ownership of the land and the consent of the land owner, in case of Muck disposal on Non Forest Land | N.A. |
| 6. Photography & carrying capacity of the proposed muck dumping site | N.A. |
| 7. Development of dumping site- construction of retaining wall and other structure as per requirement of the site. The objective is to completely stop rolling down of Muck | N.A. |
| 8. Rehabilitation of dumping site like levelling, planting of grass, shrubs and tree species | N.A. |

Undertaking by the user agency has to be given to the effect that:

1. Muck management plan will be implemented by the user agency and in case of non implementation of the plan, they will be liable to penalty/ action at their own cost.
2. All the muck will be utilized in filling and levelling the area where road need to be upgradation and expanded. Hence no Muck Disposal plan is required.
