Memo No. NFD/CONS/88/19/

4 098-99

Dtd. Jairampur, the 24th Oct/19.

The Commander,

Sub :- Submission of fresh proposal for construction of Nampong -Vijaynagar road from 0. to Km 15.
Sir,

I am directed to inform you to submit the fresh proposal for construction of Nampong -Vijaynagar road from km 0 to km 15 after uploading the proposal in website as desired by the Regional Officer, Shillong. Please note that the land to be diverted for construction of road from Nampong to Vijaynagar from Km 0 to Km 15 is 28.80 hect. not 1.038 hect. Repeat 28.80 hect. Not 1.038 hect. As per calculation shown below.

1. From Km .0 to Km 12 (Existing road = 6 Mtr.) $24 \text{ mtr.} - 6 \text{ mtr.} = 18 \text{ mtr.}$
$$= \frac{18 \times 12 \times 1000}{1000} = 21.60 \text{ hect.}$$
2. From km. 12 to Km 15 (New formation cutting) CI-9 exchanged specification.
$$= \frac{24 \times 3 \times 1000}{10000} = 7.20 \text{ hect.}$$

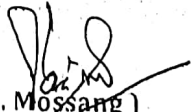

Total of 1 + 2 = 21.60 + 7.20 = 28.80 hect.

Forest clearance is mandatory irrespective of whether it is a Private forest , USF, RF community forest etc. and diversion is applicable in all cases. . There has been a misconception and misunderstanding that a portion of land measuring 430 mtrs. is passing through Rima RF but physically on the ground the Rima RF boundary is far away from the alignment of Nampong - Vijaynagar road. Hence, the actual land for diversion is 28.80 hect.

Further, it is to bring to your knowledge that carrying out of road construction work without final approval from the competent Authority is an offence which attracts certain sections of Forest laws.

Your early action on the matter is awaited.

Yours faithfully,

(S. Mossang)
Divisional Forest Officer,
Nampong Forest Division,
Jairampur
