JUSTIFICATION OF PROJECT

The mineral available in this area is unique in its quality and strength and this mineral is locally called as Lime Stone Mineral and useful for making of Wallputty etc... purpose and this Lime Stone Mineral is not available elsewhere in the District. More over the applied area is in promity to in the Compartment No.102 part of Janapadu Reserve Forest, Gundlapalli Beat, of Janapadu Village, Piduguralla Mandal, Guntur Range, Guntur District, Andhra Pradesh hence in fact on adjacent ecosystem is minimum. Further this project provided employment to Majority skilled, unskilled and poor People who are below poverty line. Hence after exploring all the alternatives, Considering the above, It is very much essential for grant of mining lease for Lime Stone in the interest of mineral development and industrial requirements.
