Dear Sir

Please refer to your EDS sought for proposal no. FP/AS/MIN/37983/2018; proposal name: To Drill 06 nos. of wells DPDM, DMDN, DPDO, DPDP, DPDQ and DPDR from new drill site, dt. 30.04.2019 regarding aerial distance from wild life sanctuary.

DFO Golaghat had issued a letter in which he had erroneously mentioned aerial distance as 9.6 kms., while actually the distance is 17.90 kms. from nearest wild life sanctuary. Copy of letter given by DFO Golaghat is attached in the others documents submitted for your reference.

It is requested that necessary correction be made and the proposal may please be accepted.

Submitted for your information please.

AJAY K RASTOGI
