DETAILED NOTE ON THE PROJECT

The Proposal is for grant of quarry lease for extraction of Limestone over an extent of 4.84 Ha (i.e., 3.99 Ha for Mining, 0.77 Ha Safety Zone, 0.04 Ha Dumping, 0.04 Ha Magazine) in Janapadu RF (Compartment No. 102), Gundlapalli Beat, Nekarikallu Section, Guntur Division, Guntur District applied by Sri. Gottimukkala Pavan Kumar Reddy. It is Submit that, the Lime Stone pegmatite deposits in non-forest lands are already covered under mineral concession and therefore are not available. Even the existing leases are almost nearing depletion. Consequently, the production Lime Stone also come down considerably as fresh/new pegmatite veins area are not available. The existing quarries are not in a position to meet the future demand and it is very much essential for grant of mining lease for Lime Stone in the interest of Mineral Development and Industrial requirements. The proposed/applied quarry lease area is an already BROKEN forest area and only a barest minimum extent possible of forest area is applied in the R.F. The access gravel road which is passing through Revenue lands touches the proposed mining.
