

Name of Work: - Construction of Grade Separator Connecting Medavakkam-Sholinganallur road junction, Medavakkam-Mambakkam road Junction, Mount-Medavakkam Road junction in Marmalong Bridge-Irumbuliyur Road at Medavakkam

Reason for Non-Availability of Non-Forest land

The alternate alignment avoiding diversion of the Forest land is not feasible since the right-hand side of Service Road of the Grade Separator passes through Nanmangalam Reserve Forest (RF) land, necessitates its diversion. The alternate alignment avoiding diversion of the Forest land is not feasible since, Grade Separator alignment is based on the Standard Geometry requirements . Hence Diversion of forest land to an extent of 0.5360 Hectares is inevitable, for completing the Grade Separator Project.
