D.O. No USOF/354 village Scheme/2020-21/Execution/Corresponding

Dear Sir,

Universal Service Obligation Fund (USOF) under Department of Telecom (DOT) is implementing various schemes for the mobile coverage of uncovered villages in the country by providing Viability Gap Funding. One such scheme known as 354 uncovered villages' scheme for the priority & border areas consists of coverage of **Eighty Seven (87) villages** in your state. This project has significant benefits for the unconnected villages, leading to their economic improvement.

2. M/s Reliance Jio is the selected Project Implementing Agency (PIA) for this project. This is a time bound exercise with commencement of mobile services planned by end of January 2021.

3. The implementation of the project requires support from the State Government for speedy clearance of sites in forest area, lease/acquisition of sites, ROW permissions and power connectivity. During the difficult time of corona pandemic, project also requires movement and access permissions for making the sites ready in time.

4. In view of adverse weather conditions during monsoon months and winter months, it is essential that all activities are carried out within the limited window of fair weather period in the State.

5. In view of above, I request you to kindly issue instructions to the concerned Departments/ Agencies including concerned DCs for expediting the necessary clearances and facilitation to the PIA for this project. The list of villages in your state is enclosed for your kind reference.

With Warm Regards

Yours sincerely,

Encl.: List of villages of Jammu & Kashmir

3/7/2020
(Anshuli Arya)
