

PART-II

(To be filled by the concerned Deputy Conservator of Forests)

State serial No. of proposal - FP/BR/ROAD/154991/2022

| | | |
|-------|---|--|
| | Location of the Project/Scheme: | Rehabilitation, upgradation and construction of 2 - lane with paved shoulder of selected road stretches Section-1 : Umgaon to Kaluahi (0.000 - 21.610 Km - NH 227L), Section - 2: Saharghat to Rahika(0.000 - 26.135 Km - NH227J), and Section - 3: Bideshwarthan to Bheja (0.000 - 25.915 Km - NH527A) under Bharatmala Scheme in Madhubani District - Forest proposal under Forest (Conservation) Act 1980 for the diversion of Forest Land for non-forestry purpose in Mithila Forest Division, Darbhanga |
| (i) | State/Union Territory | Bihar |
| (ii) | District | Madhubani |
| (iii) | Forest Division | Mithila Forest Division, Darbhanga |
| (iv) | Area of forest land proposed for diversion (in ha.) | 37.507 hectare |
| (v) | Legal status of forest | <p>The proposed project area is passing through protected forest area of notified protected forest i.e., <u>Kaluahi to Umagaon in Madhubani Range, Rahika to Saharghat in Benipatti Range, and Bideshwarthan to Bheja in Jhanjharpur Range</u> of Mithila forest division. It crosses the different stretches of notified roads in <u>Madhubani, Benipatti and Jhanjharpur Range</u>(mentioned in the Tree Enumeration list attached as <u>Annexure-3</u>). It requires diversion of the above mentioned notified roads for rehabilitation, upgradation and construction of two lane with paved shoulder of selected road stretches under abovementioned forest ranges in Mithila forest division. It is notified as Protected Forest by Environment and Forest department, Government of Bihar through Vide S. O. No. Notification No. 190-E dated 16.02.1994.</p> <p>Earlier, part - II hasd been written and sent vide letter no. 2114 dt. 19.10.2022 by the then DFO, Darbhanga. Again a joint inspection was done with the representative of NHAI. After this inspection, part-II was submitted to CF, Muzaffarpur by then DFO, Darbhanga vider letter no. 2205 dt. 21.11.2023. It was found that a certain portion of road for which the land diversion proposal has been made by the user agency is non-notified government land and this proposal requires diversion of 32.27 ha of protected forest land instead of 39.1096 ha as communicated by NHAI vide letter 462 dt. 08.11.2023. Thereafter, IRO Ranchi after perusal of the proposal directed to make necessary modifications in kml files of the proposal and submit the necessary supporting documents.</p> <p>Subsequently, a confirmation from user agency was sought on the area required for diversion. As communicated by user agency vide letter 41 dt. 30.01.2025, letter 87 dt. 27.02.2025 and as per field verification reports from range officers during field visit it was found that the proposed project requires <u>diversion of 37.507 Ha</u> of protected forest land. Hence <u>37.507 Ha</u> of land is being submitted for diversion. (Notification annexed in <u>Annexure-1</u> of Part-II Report)</p> |
| (vi) | Density of vegetaion | 0.5 (The proposed project involves total 3849 no. of trees located in the area of notified forest area. Out of 3849 trees, 906 of trees will be translocated and Zero of trees will be protected and remaining 2943 trees need to be felled as per Tree protection Plan attached as <u>Annexure-2</u>) |
| (vii) | Species-wise (scientific names) and diameter class-wise enumeraton of trees (to be enclosed. In case of irrigation/hydel projects enumeration | Tree enumeration list is attached as <u>Annexure-3</u> . Total number of trees coming in notified forest area is 3849. Trees which are getting affected by the project and falling under non-forest area will be taken up separately in Separate Tree Protection |

| | | |
|--------|---|--|
| (viii) | Brief note on vulnerability of the forest area to erosion. | Generally the project area is vulnerable to very low soil erosion due to intrinsic geological features of the substrate during rainy season. Area gets flooded during rainy season due to heavy rainfall at times. |
| (ix) | Approximate distance of proposed site for diversion from boundary of forest. | The proposed area is notified protected forest areas of road side. The nearest natural forest boundary from the ranges in which the proposed site is situated is Valmiki Tiger Reserve, which is approximately 300 Km away. |
| (x) | Whether forms part of National Park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant, corridor, etc. (If so, the details of the area and comments of the Chief Wildlife Warden to be annexed) | No. The proposed project area is only notified protected forest and does not form part of any National Park, Wildlife Sanctuary, Biosphere Reserve, Tiger Reserve, Elephant corridor, Ecosensitive Zone etc. |
| (xi) | Whether any area/endangered/unique species of flora and fauna found in the area-if so details thereof. | Nilgai has been seen in farm lands in some part of Madhubani district of Mithila Forest Division. The undersigned is of opinion that the proposed project should not affect the distribution or movement of any wild animal found in the areas where it is found. The crop raiding Nilgai is also found in adjoining areas of the proposed project roads. But the project shall not affect their population. |
| (xii) | Whether any protected archaeological/heritage site/defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if required. | As per my knowledge and information provided by subordinate forest officials and the user agency, there is no record of any protected archaeological/heritage site or any other important monument located near the areas of the proposed project site. Air Force Station, Darbhanga and Darbhanga Airport is located around 30-40 Km from this project area. Indo-Nepal border, Pipraun is situated at the distance of nearly 5 Km from Umagaon site of this project. |
| | Whether the requirement of forest land as proposed by the user agency in col. 2 of Part-I is unavoidable and barest minimum for the project. If no, recommended area item-wise with details of alternatives examined. | The requirement of forest land as proposed by the user agency in Column 2 of part 1 is stated to be unavoidable and barest minimum of the project. It has <u>proposed 37.507 ha of forest land for diversion (Area Calculation Sheet attached as Annexure-4)</u> . Proposed Site was inspected and required for the construction of 2 lane with paved shoulder. |
| | Whether any work in violation of the Act has been carried out (Yes/No). If yes, details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress. | No Violation seen/reported at site. |
| | Details of compensatory afforestation scheme: | Since the land proposed for diversion is more than 1 hectare and Mithila Forest Division does not have any natural forest area, hence compensatory afforestation will have to be taken up in another appropriate forest division as directed by CAMPA Office, Department of Environment, Forest and Climate Change, Bihar |
| (i) | Details of non forest area/degraded forest area identified for compensatory afforestation, its distance from adjoining forest, number of patches, size of each | |

| | | | |
|----|-------|---|---|
| | (iii) | Detailed compensatory afforestation scheme including species to be planted, implementing agency, time schedule, cost structure, etc. | - |
| | (iv) | Total financial outlay for compensatory | - |
| | (v) | Certificates from competent authority regarding suitability of area identified for compensatory afforestation and from management point of view. (To be signed by the concerned Deputy Conservator of Forests). | - |
| 11 | | Site inspection report of the DCF (to be enclosed) especially highlighting facts asked in col.7 (xi,xii), 8 and 9 above. | enclosed (<u>Annexure-5 of Part-II report</u>) |
| 12 | | Division/District profile: | Mithila Forest Division, Darbhanga |
| | (i) | Geographical area of the district. | Madhubani district - 3501 sq. km. |
| | (ii) | Forest area of the district. | 198 sq. km. (Road Side and Canal Side only) |
| | (iii) | Total forest area diverted since 1980 with number of cases. | - |
| | (iv) | Total compensatory afforestation stipulated in the district/division since 1980 on (a) Forest land including penal compensatory afforestation, (b) Non-forest land. | - |
| | (v) | Progress of compensatory afforestation as on (date).....on (a) Forest land. (b) Non-forest land. | - |
| 13 | | Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons. | The area has been inspected by me on 17.03.2025. The area calculation is enclosed separately. This requirement of Forest land is unavoidable and is bare minimum required for the project. The land is almost flat and this land is not vulnerable to soil erosion. This land is not part of any National Park, Wildlife Sanctuary Biosphere Reserve, and Elephant Corridor etc. No rare/endangered/unique species of flora and fauna are reported to be found in the area. No archeological/heritage site/important monument was seen during the visit of the proposed site. Air Force Station, Darbhanga and Darbhanga Airport is located around 30-40 Km from this project area. Indo-Nepal border, Pipraun is situated at the distance of nearly 5 Km from Umgaon site of this project. Completion of this project will help in reducing traffic issues on the existing road and also reduce the travelling time of the commuters, therefore, the required land is recommended for diversion. |

Annexure - 1

Site Inspection Report of Divisional Forest Officer

(For the forest land to be diverted under FCA 1980)

A Proposal has been received by this office from Deputy General Manager, Project Implementing Unit, NHAI, Supaul. The name of the project is Rehabilitation, upgradation and construction of 2 - lane with paved shoulder of selected road stretches Section-I : Umgaon to Kaluahi (0.000 - 21.610 Km - NH 227L), Section - II: Saharghat to Rahika(0.000 - 26.135 Km - NH227J), and Section - IV: Bideshwarthan to Bheja (0.000 - 25.915 Km - NH527A) under Bharatmala Scheme in Madhubani District in the state of Bihar. The project aims to improve connectivity particularly on religious, backward and to remote areas with an aim of rapid and safe movement to boost economy. The execution of the project requires diversion (Under FCA- 1980) of 37.507 ha of forest land for non-forestry purpose by NHAI, PIU- Supaul. The site inspection of the land involved in the proposal has been done by me on 17-03-2025. Few trees were inspected randomly and found to be correct.

The proposed project area is passing through protected forest area of notified protected forest in Jhanjharpur, Benipatti and Madhubani Range of Mithila Forest Division. It crosses various stretches of notified roads in three mentioned ranges as mentioned in tree enumeration list. These roads are notified as Protected Forest by Environment and Forest department, Government of Bihar through Vide S. O. No. Notification No. 190-E dated 16.02.1994. As per the tree list submitted by user agency after joint inspection with forest department officials, it has been reported that total of **3849** trees lie in the notified forest area segment of the proposed project area. A separate proposal for the trees located in the non-forest area will be submitted by the user agency for consideration of Regional Empowered Committee headed by RCCF, Muzaffarpur. Tree Protection plan of 3849 trees

This requirement of forest land is stated to be unavoidable and bare minimum required for the project. The land is almost flat and this land is not vulnerable to soil erosion. This land is not part of any National Park, Wildlife Sanctuary Biosphere Reserve, and Elephant Corridor etc. No rare/endangered/unique species of flora and fauna are reported to be found in the area. No archeological/heritage site/important monument was seen during the visit of the proposed site. Air Force Station, Darbhanga and Darbhanga Airport is located around 30-40 Km from this project area. Indo-Nepal border, Pipraun is situated at the distance of nearly 5 Km from Umgaon site of this project. Further, the user agency has not violated the provisions of Forest (Conservation) Act. 1980 and no work has been carried out by the user agency as per my knowledge.
