Dy. Conservator of forests,
Rampur Forest Division,
Distt. Shimla H.P.

Subject:- Diversion of 12.9880 ha. of forest land for the construction of Kot Dogri 10 MV within the jurisdiction of Rampur forest division DISTT. Shimla H.P.

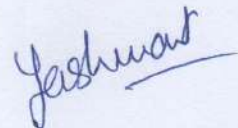

Respected Sir,

On the subject cited above and the online observation raised from the office of CCF Rampur the detail reply is as under:-

As replied in our earlier reply the area measuring 12.9880 ha. is barest minimum and cannot be avoid for diversion for the said project. It is pertinent to mention here that about 2 ha. of forest area is required for the construction of project component and rest about 10.7 ha area is required for the construction of 66 KV transmission line. It is further submitted that about 6 KM forest area is required for the construction of transmission line from the switch yard of Kot Dogri project to the allotted interconnection point near the switch yard of Kut Energy (24 MV). As per the guidelines of electricity regulatory authority the area required for constructing 66 KV line is 18 meter. Therefore the area considered for diversion of project component and transmission line is justified and unavoidable.

You are therefore requested to consider our reply and forward the forest case to the quarter concerned.

Yours Sincerely

For M/s GEE CEE Hydro Power Pvt. Ltd.
Kot Dogri HEP (10 MW)
