Proposal No: **FP/JH/RAIL/156521/2022**

Undertaking to Condition (X) "The DFO, in his Site Inspection Report (SIR), has indicated the necessity of mitigation measures to ensure smooth passage of mega fauna across the proposed road/rail alignment. Such measures may be quantified, and the User Agency must submit an undertaking that the same shall be incorporated into the project at its own cost. "

I hereby undertake that the mitigation measures necessary to ensure the smooth passage of mega fauna across the proposed road/rail alignment, as indicated in the Site Inspection Report (SIR) of the DFO, shall be quantified and incorporated into the project at our own cost.
