Dear sir,

This is in reference to your letter no. PC/2024-0/2 dated 12.02.2024 vide which it is requested to provide the requisite information so that the same could be provided to MoEF&CC.

In this context, it is intimated that CIA&CC study of Beas basin was conducted for projects over 5MW capacity for total potential of 4099.6 MW as per the subsection 2.2 of report taken from TOR as floated in 2013-14. Moreover, information/ status of HEP was updated during study as per Subsection 2.2 of report, Beas basin in HP has 4877.70 MW of power potential (for >5 MW projects), distributed among 51 hydropower projects spread throughout the basin. Out of these 51 projects, 22 projects are commissioned (total installed capacity 2820.90 MW), 5 are under construction (total installed capacity 947 MW), 20 are at various stages of investigations (total installed capacity 1028. 90 MW) and 4 yet to be allotted. This information was gathered during the study conducted during 2016- 19.

However, the present hydro-power potential of Beas Basin is as per **Annexure-A**. In this context, I am directed to forward the same for your information and further necessary action in the matter.

DA:-As above

Yours sincerely,
