Letter No - 4568/UCADA/AAI Jollygrant/2021

Dated: 11 May, 2021

To,

D.F.O, Forest Department, Indira Nagar, Dehradun.

Sub:Proposal for seeking prior approval of the Central Government under Forest (Conservation) Act, 1980 for non-forestry use of 87.0815 ha. of forest land for "Expansion of the Jolly Grant Airport" under Forest Division and District Dehradun of the State of Uttarakhand.

(Online Proposal No. FP/UK/others/44884/2020)

Ref: MoEF&CC, GoI, letter No. 8-19/2020-FC dated 30th January, 2021.

Kindly refer the above dated letter regarding clarifications on the referred forest land transfer proposal for the expansion of the Jolly Grant Airport under Dehradun Forest Division of the State of Uttarakhand. Clarifications are given below:-

Sl. No.	Detail of queries	Compliance/Clarification
i	Reply of the State Government is silent on fragmentation of the riverside forests. Comments provided the State Government on 47 ha of MDF land involved in the project does not seem convincing for want of detail of alternatives sites studied/discarded thereby establishing inescapability of 47 ha of MDF land for the intended purpose. Moreover, reply of the State is largely limited to the proposed forest area only, holistic ecological value of the area vis-a-vis impact of the proposed project has not been commented upon by the State as envisaged in point no. (i) of the letter dated 9.10.2020.	Query related to forest office.
ii	On the examination of the old proposal KML file and newly proposed area it has been found the there is some area/gap inbetween the boundaries of already diverted forest and and currently proposed forest land for expansion of the airport. The area has been analysed with the help of high-resolution time series satellite images of Google Earth and it is observed that non•	Query related to forest office.

	forestry activities has been done in-between	
	gap area of the two boundaries and along the periphery of already diverted forest land. As per the Recorded Forest Area (RFA) boundary for the State of Uttarakhand available on DSS application, it is found that the gap available between the two' boundaries is also part of notified forest land. The State Government is silent on the violation of FC, Act, 1980. The State Government may provided the full details of Violation Report and action taken on the willful violation.	
iii.	Examination of the compliance of approval dated 17.02.2003 revealed that in respect of condition no. 12 of the approval regarding rehabilitation of the project affected families, it is reported that it will be	rehabilitation of project affected people (PAPs), it is submitted that since there was no displacement of people from the aforesaid forest land. Hence rehabilitation is not applicable.
	complied with imply that condition is yet to be complied with. It is therefore, desirable that the State Government may intimate the status of rehabilitation of PAPs, if any, to the Ministry along with the justification for non- compliance of the same.	(2020-23) DLRC dated 10 April 2021 wherein details are provided by District
iv.	In compliance to condition no 2 of the approval dated 17.02.2003, the State Government has reported that CA has been raised over 140 ha of degraded forest land. However, present status of the plantation viz. its survival1 percentage, expenditure incurred as per CA scheme, etc. have not been intimated. The same needs to be intimated along with KMU Shape files of the CA land.	Query related to forest office.
v.	Results of DSS analysis revealed that CA site namely Nahi-0, involving 10 ha of degraded forest land for CA, has forest falling in VDF category which may not be suitable for CA. Therefore, the State Government may re-confirm the suitability of the sites and if needed alternate CA site may be identified for raising CA along with site suitability certificate.	Query related to forest office.

vi. Certificate issued by the Chief Secretary The certificate regarding non availability of non forest land issued by Chief Secretary, with regard to the non-availability of non-Uttarakhand is attached. (Attachment-2). forest land is in contravention to the provisions provided in the relevant guidelines issued under the FC Act as the certificate is issued in respect of Dehradun District only while as per guidelines, the Chief Secretary is suppose of issue such certificate only after getting the revenue records assessed for the entire state for the non availability of non-forest land. Certificate as per the format prescribed may be submitted failing which proposal of CA may accordingly be changed, in case non-forest land/revenue forest land is available in the State. 2. Query related to forest office. Recently, Hon'ble High Court Uttarakhand has made crucial observation in respect of wildlife values of the area. The State Government may, therefore, re-visit the proposal in light of observations contained in the Hon'ble High Court of Uttarakahand at Nainital order dated 11.01.2021, specially with reference issues pertaining to the conservation and protection of wildlife and fragmentation of the forest area serving as connecting link for intermittent or stray movement charismatic wildlife species of the State.

Enclosure: As above

Yours faithfully
