**IMPLEMENTATION STATUS/PLAN OF REHABILITATION AND RESETTLEMENT OF  
AFFECTED FAMILIES OF SHAHPURKANDI DAM PROJECT**

Shahpurkandi Concrete Dam is being constructed on River Ravi 11 Km D/S of Ranjit Sagar Dam & 8 Km U/S of Madhopur Head Works. It also includes 7.70 Km long Shahpurkandi Hydrel Channel and Ravi Canal are off taking from left Bank and right bank respectively of Shahpurkandi Dam for irrigation as well as for generation of 206 MW power before the water is released to the UBDC system & Kashmir Canal U/S of Madhopur Head Works.

About 3171.71 Acres of land falling in 20 villages (17 in Punjab and 3 in J&K) required for construction of Shahpurkandi Dam Project has been acquired and the process for acquisition of remaining 35.79 Acres land is under process. The detail of total land required/acquired for Shahpurkandi Dam Project is as under:-

1. Total land required = 3207.50 Acres
  - a. In J&K State = 1527.95 Acres
  - b. In Punjab State = 1679.55 Acres
2. Total land acquired/to be acquired = 3207.50 Acres
  - a. Land acquired in J&K State = 1527.95 Acres
  - b. Land acquired in Punjab State = 1643.76 Acres
  - c. Acquisition of land in process = 35.79 Acres

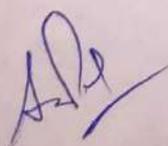

The acquisition of land for National Project of such a large scale always causes displacement of families settled thereon. The rehabilitation of the Oustees of a water resource development project is to be recognized as an environmental fall-out and needs to be handled with diligence, sympathy and a good measure of human consideration backed by a broad-minded Government Policy. There being two states involved, all efforts have been made to ensure that the rehabilitation scheme is uniform as far as possible for both states, because any disparity is likely to cause resentment among Oustees.

In view of above, a committee was framed by the Punjab Government to form a uniform Rehabilitation Policy for the Oustees of Ranjit Sager Dam and Shahpurkandi Dam Project. The committee has approved R&R Policy in the minutes of meeting held on 19.10.1993 and fixed the cutoff date for the purpose of affected families to be decided as Oustees would be taken as per Jamabandi existing on 01.05.1986 for Ranjit Sager Dam and Shahpurkandi Dam Project as under:-

**The relevant Clause 8 of Rehabilitation and Resettlement policy 18.11.1993 is also reproduced as under:-**

***"For purpose of providing job to the landless and other affected families, preference to one member per family will be given to the following categories according to his qualification and availability of vacancies on the Project:-***

- i. Those whose house and land above 50% holdings has been acquired.***
- ii. Landless Oustees whose houses have been acquired.***

  
Executive Engineer,  
Sok. Dam Division No II  
Shahpurkandi Division

  
Divisional Forest Officer  
Pathankot

**iii. Those residential families whose only land 75% or above has been acquired."**

In addition, the Standing Committee of RSD-Construction Board Punjab in 43<sup>rd</sup> meeting (Item No. 42.3) held on 24.8.2000 has decided that employment be given to one member of eligible Dam Oustees family as Class-IV employee.

Besides above, Oustees of SPK Dam Project have refused to accept the cutoff date for the purpose of affected families to be decided as Oustees i.e. 01.05.1986. Accordingly, the Punjab Govt. has constituted a sub-committee to decide the matter. As per recommendation of Deputy Commissioner-cum-Chairman of Sub Committee (R&R) Shahpurkandi Dam Project, Gurdaspur in its meeting held on 10.02.2010, the cutoff date has been amended as under by Punjab Govt. vide Memo dated 07.09.2012:-
