## **CHECK LIST**

For the proposal for Diversion of Forest Lands for non-Forestry purpose under the Forest Conservation Act, 1980 for Irrigation & Hydel Projects: Major / Medium / Minor Irrigation /Transmission Line Projects

Date of receipt in NO-PCCF's office:  Name of the Project:  Area proposed for diversion, in Ha:  Total area of 74.486 Ha of Forest area in Seetharampura RE (17.722 Ha) in Nellore Division See	State S	No. of Project:					
Name of the Project:    Proposal for diversion of total area of 74,488 has of roless lead in Seetharampuram Rin Nelloco Division (17.722 Ha Kawalakuntla RF, Ethirajupalli CA Block, Afhal) for construction of 755 in O/C Chilakhaliripeta to Kadapa Transmission line Associated with PSITS. "Beyond Wenging" Transmission System Projunder TBCB route of Power Grid, Southern Region Transmission in Products of Power Grid, Southern Region Transmission System Not under TBCB route of Power Grid, Southern Region Transmission in Projects and Kawalakuntla RF, Ethirajupalli CA Block, Kancharlamoram RF (56,764 Ha) it Kadapa Dist.							
RF (17.722 Ha) in Nellore Dist and Kavalakuntla RF, Ethirajupalli CA Block, Kancharlamoram RF (56.764 Ha) in Kadapa Dist. History of the Forest Divisions:  Type of work: Formation of New Major / Medium / Minor Irrigation / Transmission line Projects  Name of the Forest Divisions:  Whether area proposed falling in WLS / NP / ESZ / Biosphere Reserve or WL Corridor?  Whether situated in Scheduled Area  S.No. Name of Document/Information  A PART-I  Main application Form from Part-I to V with all its col- umns duly filled up and signed by the competent authority with date, place and their official seal.  Govt. of India Notification under 68 of Electricity Act, 2003 & Investment approval of Project  Full Justification for locating the project in forest area (um-avoidance of the forest area for the purpose)  Certificate for minimum use of forest land giving details of the alternatives examined and reasons for their rejection.  Map of the project site forest area demanded on original Survey of India topo-sheet in 1580000 or any other suit- able seale; clearly showing forest boundaries and a location map on a larger scale with land use of the area required.  Geo-referenced digital data (e00 format, Geographic co-ordinate system WGS 84 datum, readings up to 8 decimal places in degrees) of the boundary/ies of the proposed FL for diversion in Shape file (Soft copy in a DVD along with RAW & post-ported using DGPS in real-time or post-processed mode. However the survey may be performed using DGPS in real-time or post-processed mode. However the survey may be performed using DGPS equipment used, Names of the authenticating agency for the accuracy of the survey, pare of the authenticating agency for the accuracy of the survey, name of the authenticating agency for the accuracy of the survey.							
Name of the Forest Divisions:   Nellore Division & Productur Division	Area p	roposed for diversion, in Ha:	Ethirajupalli CA Block, Kancharlamoram RF (56.764 Ha) in Kadapa Dist.				
Name of the Forest Divisions:  Whether area proposed falling in WLS / NP / ESZ / Biosphere Reserve or WL Corridor?  Whether situated in Scheduled Area  S. No. Name of Document/Information  A PART-I  Main application Form from Part-I to V with all its col-umns duly filled up and signed by the competent authority with date, place and their official seal.  Govt. of India Notification under 68 of Electricity Act, 2003 & Investment quan-rovidence of the forest area for the purpose)  Full Justification for locating the project in forest area (un-avoidance of the forest area for the purpose)  Map of the project site forest area demanded on original Survey of India topo-sheet in 1:50000 or any other suit- able scale; clearly showing forest boundaries and adjoining areas with their land use in distinct colors.  Map of the project site forest area demanded on original Survey of India topo-sheet in 1:50000 or any other suit- able scale; clearly showing forest boundaries and adjoining areas with their land use in distinct colors.  Index Map, if the area is very small, showing forest boundaries and a location map on a larger scale with land use of the area required.  Geo-referenced digital data (e00 format, Geographic co-ordinate system WGS 84 datum, readings up to 8 decimal places in degrees) of the boundary/ics of the proposed FL for diversion in Shape file (Soft copy in a DVD along with RAW & post-processed data) and digital map in hard copy duly authenticated by competent authority.  Pres The survey shall be performed using DGPS in real-time or post-processed mode. However the survey may be performed using DGPS equipment used, Names of the Agency/persons involved in the DGPS survey, period of survey, name of the Agency/persons involved in the DGPS survey, period of survey, name of the authenticating agency for the accuracy of the survey.			Construction of	New Transmission	Line Project		
Whether area proposed falling in WLS / NP / ESZ / Biosphere Reserve or WL Corridor? Whether situated in Scheduled Area  S. No. Name of Document/Information  A PART-I  Main application Form from Part-I to V with all its col- umns duly filled up and signed by the competent authority with date, place and their official seal.  Govt. of India Notification under 68 of Electricity Act,2003 & Investment approval of Project  Full Justification for locating the project in forest area (un-avoidance of the forest area for the purpose)  Certificate for minimum use of forest land giving details of the alternatives examined and reasons for their rejection.  Map of the project site forest area demanded on original Survey of India topo-sheet in 1:50000 or any other suit- able scale; clearly showing forest boundaries and adjoining areas with their land use in distinct colors.  Index Map, if the area is very small, showing forest boundaries and a location map on a larger scale with land use of the area required.  Geo-referenced digital data (e00 format, Geographic co-ordinate system WGS 84 datum, readings up to 8 decimal places in degrees) of the boundary/ics of the proposed FL for diversion in Shape file (Soft copy in a DVD along with RAW & post-processed data) and digital map in hard copy duly authenticated by competent authority, performed using DGPS in real-time or post-processed mode. However the survey may be performed using TS in GPS shadow areas, and data shall be duly geo-referenced using GCPs collected by dual frequency DGPS receivers.  Make & Model of the DGPS cquipment used, Names of the Agency/persons involved in the DGPS survey, period of survey, name of the authenticating agency for the accuracy of the survey.			Nellera Division & Proddatur Division				
Reserve or WL Corridor?  Whether situated in Scheduled Area  S. No. Name of Document/Information		The submitted in the contract of the submitted of the sub		C. I TOURIGHT DIVISIT

S. No.	Name of Document/Information	Provided or Not (Yes/No)	Page No.	Remarks
10	Statement showing the <b>details of forest area involved</b> i.e. Division, Range, Beat, Forest Block & Compartment No. wise.	Yes		
11	Item wise breakup of the forest area proposed for di- version, if any.	Yes		
12	Cost Benefit (CB) analysis in prescribed format, where ever required. (For projects involving area of >20 Ha in plains & >5 Ha in hills)	Yes		
13	Status of clearance under Environment (Protection) Act, 1986 & Rules 2006; wherever required.	NA		
14	Detailed scheme for <b>rehabilitation of project affected persons</b> , wherever required.	NA		
15	Minimum distance of the proposed site from Wildlife Sanctuary and/or National Park, if any.	NA		
16	Map showing the existing Water body / Water channel or road, which should be identifiable.	NA		
17	To enclose the cross section Plan / Map indicating dimension of (Length / Width / Height /depth etc) clearly.	NA		
18	Additional impacted area, which may be impacted temporarily by the proposed construction, on the map	NA		
19	Undertaking to pay the <b>Net Present Value (NPV)</b> , <b>Addl. NPV</b> of the forest land involved.	Yes		
20	Undertaking to pay the <b>Extraction Charges</b> of the trees to be removed from the forest land involved.	Yes		
21	Details of equivalent non-forest land identified for Compensatory Afforestation viz. Survey No., Village, Tahsil /Mandal, District etc. along with map in SOI Topo-sheet in 1:50000 or appropriate scale along with the boundaries of adjoining forest area.			
22	Geo-referenced digital data of CA land (e00 format, Geographic co-ordinate system WGS 84 datum, read- ings up to 8 decimal places in degrees) of the boundary/ ies of the proposed FL for diversion in Shape file (Soft copy in a DVD along with RAW & post-processed data) and digital map in hard copy duly authenticated by competent authority.  * The survey shall be performed using DGPS in real-time or post-processed mode.			
	However the survey may be performed using TS in GPS shadow areas, and data shall be duly geo-referenced using GCPs collected by dual frequency DGPS receivers.			
23	Make & Model of the DGPS equipment used, Name/s of the Agency/persons involved in the DGPS survey, period of survey, name of the authenticating agency for the accuracy of the survey.			
24	Certificates a, c, d, g & h under RoFR Act; where Primitive Tribal Groups (PTG) & Pre-Agricultural Communities (PAC) are involved in the proposed FL.			
В	Part II			
1	Enumeration list of trees (species and girth class wise) along with Abstract.			
2	<b>Site inspection report</b> , along with photographs, of the forest area involved in the project in prescribed format.			
3	Impact of proposed project on the flora & fauna in the adjoining forests.			
4	Impact of proposed project on the ecology, specially soil erosion in and around the proposed area for mining.
