

**GOVERNMENT OF TELANGANA  
RURAL WATER SUPPLY AND SANITATION DEPARTMENT  
TELANGANA DRINKING WATER SUPPLY PROJECT**

APPENDEX

(See Rule 6)

**FORM-'A'**

Form for seeking prior approval under section 2 of the proposals by the state  
Government and other authorities.

**PART-1**

**(TO BE FILLED BY USER AGENCY)**

**1. Project Details: "Providing drinking water supply to 5 constituency with Akkampally Balancing Reservoir(KrishnaRiver) As source in Nalgonda Dist. under Chandampet Segment -3/2."**

i) Short narrative of the Proposal for Project : The Government of Telangana

has decided to improve the drinking water Supply level to all the habitations in the new State to Provide safe Drinking Water to all Households in the State. To avoid Quantitative and Qualitative problems it is proposed to draw the raw water from Krishna river at AKBR off take canal of PA pally Mandal. The raw water will be treated at Water Treatment Plants at Kodandapuram & Sw lingotam. For the Bhongir Sub-segment Clear water will be drawn from proposed HMWS&S tapping point at Ghanpur gutta. The clear water will be supplied to the all designated habitations through the maze of Pipeline Network. Some of the proposed Raw water and Clear Water Pipeline alignment are passing through the Reserve Forest for which Forest Land Diversion is required to complete the Telangana Drinking Water

Supply Project for Nalgonda District covering 5 Constituencies.

- ii) Map showing the required forest land: Map showing the reserve forest and Boundary of adjoining Forest on a 1 in boundary is enclosed. 50,000 Scale topo map. The land is meant for laying of Pumping mains and Gravity Mains including land required for construction of ELBRs in Nalgonda District under Chandampet Segment- 3/2.
- iii) Cost of the Project. : Rs.2106 Crores
- iv) Justification for location the project in forest area : The proposed Pipe lines of Telangana Drinking Water Project have no other alternative routes to cover all the habitations. And the proposed Structures in the Forest Area are essential to cover all the habitations in 5 Constituencies in Nalgonda District as per the Hydraulic Designs and Topography of the Area the proposed locations are very much essential and there are no other alternative alignments.
- v) Cost benefit analysis (to be enclosed) : Not applicable, as there is no other alternate to compare the cost.
- vi) Employment likely to be generated : 60000 Man days.

**2. Purpose wise breakup of the total Land required Extent**

: After working out various options in execution of the Pipe Line Works in the forest Land, the diversion of forest land to the minimum requirement is worked out. The details of the land requirement are here with enclosed for more clarity.

The purpose wise land requirement for  
1. Pipe line Portion - 12.916 Hect.  
2. For Structures - 0.616Hect.

-----  
Total - 13.532 Hect.  
-----

**3. Details of displacement of people due to the project if any:**

- i) Number of families :  
ii) Number of Schedule Caste / Schedule Tribal families. :  
iii) Rehabilitation Plan :

No

**4. Where Clearance under Environment (Protection) Act, 1986 Required? (Yes/No)**

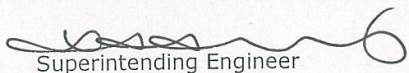

No
