

BARE MINIMUM AREA REQUIREMENT CERTIFICATE

This is to certify that no alternative suitable non-forest area is available for Conveyor Corridor from Pottangi Bauxite mines to Alumina Refinery (length - 18.5 km) Damonjodi under Koraput and Semiliguda Tahasil in Koraput Forest Division consisting forest land up to 41.297 Ha. (Revenue Forest + Jungle Block) as proposed is unavoidable and barest minimum for the project.

The collection and receiving point of Ore from the conveyor belt has already been identified and accordingly the feed end point of plant has also been constructed.

Taking the point of race fit of material for the plant and starting point of dump from where the materials will be transported through conveyor, the forest area involved has been calculated as 41.297 Ha.
