

**Certificate for site suitability of Compensatory
Afforestation**

The area proposed for compensatory afforestation is against the land diverted for widening and strengthening of NH-333A starting from Barbiga (Sheikhpura District) to Tarhari-Sikandara-Pirhinda-Nariyana-Simultalla (Jamui District), a total of 117.2 km in Jamui Forest Division. The compensatory afforestation is proposed in Kamat, Keri, Methitar, Chakmethitar & Badkitar Protected Forest, which is a degraded forest. This forest area is suitable for block plantation of proposed species.
