Diversion of 0.0594 Ha. of forest land in favour of PSPCL for 66 KV line from 66 KV G/S/S Devigarh to 66 KV G/S/S Roharjagir T-Off for 66 KV G/S/S Bhasmara SC/DC Tower line Under Forest Division Patiala & Distt. Patiala.

Justification of the Period for which the Forest land is Proposed for Diversion

As far as the concern of the period for which the forest land is proposed to be diverted (in years) for Construction of 66 KV Line from 66 KV G/S/S Devigarh to 66 KV G/S/S Roharjagir T-Off for 66 KV G/S/S Bhasmara SC/DC Tower line is mentioned as 50 years, it is brought to your kind attention that the transmission line is being constructed keeping in view the benefit of a large number of people of surrounding areas and its construction cost is almost Rs. 1.43 Crores that is a huge amount. So it is planned in such a manner that the transmission line remain at least for a period of 50 years. Such period of 50 years is not a permanent period. It may be decreased or increased as per the conditions and circumstances of that specific time (if necessary). The 50 years time period is the expected time span as some previous 66 KV Lines that were constructed in past are more than 50 to 100 years old.
