Certificate for Suitability of Area for Compensatory Afforestation

Proposal No: FP/ML/ROAD/44645/2020

Name of Project: Construction of Suspension Footbridge

The area for compensatory afforestation with respect to the forest land proposed for diversion under Forest Conservation Act, 1980 in Rongrengre Reserved Forest, Simsangre Range, East Garo Hills, Meghalaya for construction of Construction of Suspension Footbridge at Chisobibra by The Block Development Officer, Samanda Block, East Garo Hills, Meghalaya has been selected as 1 patch of 0.1 Ha (min 100 saplings) within Rongrengre Reserve Forest near the forest land that is being diverted. The area is of degraded forest and is a Tropical Moist Deciduous Zone. In order to reduce the biotic pressure as well as to improve the biodiversity along with forest cover, this area is proposed for compensatory afforestation through artificial regeneration of native miscellaneous and fruiting species.
