

CERTIFICATE

Certificate of Project Authority about no other alternative route for the project

The route for proposed domestic, commercial & Industrial customers require linear diversion and is meant for city limits and various village limits. The route is taken through only Government ROW lands preferably along existing Road network. Some part of the road is under reserved forest. In view of this, it is not avoidable to pass through reserved forest land. In city area land cannot be accorded as per P&MP act 1962 due to various restrictions and there is no other way but to lay the pipeline along various categories of roads. Hence, the route planned or marked is justified and there is no option available. In view of this, diversion of forest land is required as per demanded statement.

1. No trees will be cut/fell & no damage to flora-fauna, species and/or vegetation of forest area.
2. Area is hardly 979.00 Sq.mtr. (0.0979 Ha Area).
