

## Compensatory Afforestation Scheme

**Full Title of the Forest Land Diversion Project:-** Construction of road Neota to Manwah Dispensary Km 9<sup>th</sup> and 10<sup>th</sup>.

**File No:-**FP/JK/ROAD/46676/2020

**Date of Proposal:-**24-06-2020

**Name of the Forest Division:** - Bhadarwah Forest Division

**Forest Area to be diverted:** - 0.225 ha

### Details of land where C.A is to be carried out:

Degraded Forest Land      Yes                      Area: 0.61 ha

(**Note:** Out of 0.61 ha area 0.45 ha area is available for plantation and rest area is having vegetation.)

Non-Forest Land              No                      Area:NA

Forest Division: Bhadarwah Forest Division      District:- Doda

Range:-Kellar                                      Tehsil: Bhadarwah

Compartment No:-12/K                      Khasra No :- NA

C.A Site (Name of Location) Chinirai      C.A Area:- 0.61 ha

C.A Site Geo Coordinates:

Starting Point: Latitude: 33<sup>0</sup> 2'8.269' N

Ending Point: Latitude: 33<sup>0</sup> 2'7.626' N

Starting Point Longitude: 75<sup>0</sup> 41'25.091'E

Ending Point: Longitude:75<sup>0</sup> 41'25.657' E

In case of non-forest area identified for CA. then what is the distance of C.A site from the adjoining forest boundary:-NA

### **3. Description of C.A Site:**

A Soil Type:-Podsol

B Topography: hilly/undulating/plain:-Hilly

C Slope: steep/medium/gentle: - Steep/moderate Slope

D For non-forest-land description of existing vegetation/root stock and density:- NA

#### **4) Plantation Model:**

Compensatory afforestation over an area of 0.61 ha. of degraded forest land is proposed to be raised. The area selected for this purpose falls under Deodar Selection working circle as per the prescription of the current working plan (2013-14 to 2023-24).

Presently the area has scattered Kail trees. Whole of the plantation of 0.45 ha. will be raised in a single compact block inside the degraded forest for such purpose. The area indentified for plantation has also been shown on the attached map. Plants @ 1000 plants per ha. will be planted. Thus, 450 plants under this diversion proposal will be planted on the proposed site. The species to be planted will be mainly Deodar/Kail (Cedrus Deodara / Pinus wallichiana ) plants. The plantation will be raised in the following year after the approval of FCA proposal and further maintenance and beating up of failures will be done for the subsequent ten years. The scheme will be implemented by the Forest Department through Divisional Forest Officer, Bhadarwah Forest Division. The financial outlay for compensatory plantation scheme is Rs. **68249.00** Certificate of the DFO Bhadarwah regarding suitability of area identified for compensatory plantation is attached. The area selected for compensatory plantation will be approachable from existing proposed road. The monitoring will be done as per existing monitoring mechanism in the Forest Department at present and also as per G.O.I. instructions.

#### **5) COST OF FENCING OF CLOSURES INVOLVED IN COMPENSATORY AFFORESTATION.**

<u>Forest area to be diverted:-</u>	0.225 ha.
<u>Degraded forest area to be covered under CA:-</u>	0.61 ha.
<u>Number of trees to be felled:-</u>	101 Nos.
<u>Number of plants to be planted:-</u>	450

**C.A for 0.61 ha (plantation area 0.45 ha) in degraded Forest in Kellar  
Range of Bhadarwah Forest Division**

.No	Description		Rate (in Rs.)	Total Amount (in Rs.)
	Unit	No		
<b>A</b>	<b>Plantation Work</b>			18014
1	1 <sup>st</sup> year of maintenance		450	4483

**Technical Details:** - Technical details of Compensatory Afforestation Scheme are as follows:-

- j) General Details:** - An area of 0.45 ha. Will be taken up for planting under compensatory afforestation scheme in forest compartment No.12/K in a single compact block. The area will be protected by using square PCC fence posts with barbed wire fencing and by planting Deodar/Kail species plants. Plants will be planted @ 1000 plants per ha.
- k) Plantaion Method:** - Nursery grown two to three years old plants of Deodar/Kail species will be planted in the pits of size 45 X 45 X 45 cm in the selected area. The plantation will be maintained for subsequent 10 years in which beating up failures will be done. The plantation will rainfed.
- l) Spacing:** - 2.50 mts x 2.50 mts.
- m) Species proposed to be planted:-** Deodar/Kail (*Cedrus deodara/ Pinus wallichiana*).
- n) Silvicultural Operations:-** NA
- o) Soil & Moisture Conservation Works:-** Minor Soil conservation works like gully plugging, check walls will be done where ever required.
- p) Protection:** (Fencing, Watch & Ward and People's Participation etc):- Area will be protected from grazing by erecting barbed wire fencing around the plantation site. Watch & ward shall be provided by engaging a watch man. Fire Protection shall also be provided by this watch man.
- q) Proposed Monitoring Mechanism:** - The plantation will be monitored as per existing monitoring mechanism in the forest department. The plantation will also be monitored by GOI representatives as per instructions.

**Any other Information:** - NA
